Overview & Key Considerations

- Over the last 15 years, Yatra Online, Inc. (Yatra Online) has become one of India's leading online travel agencies – strength of brand expected to increase investor interest in India.

- Yatra Online is at an inflection point as India’s travel industry continues to grow and business and leisure travel rebounds from the pandemic.

- We believe that the IPO of Yatra Online’s operating subsidiary, Yatra Online Limited (Yatra India), in India would provide additional resources to accelerate growth, capture significant opportunities and drive value for Yatra Online as well as Yatra India investors over long-term.

- Yatra India has filed ‘red herring’ prospectus (DRHP) and will start engaging with potential investors over the next few weeks.

- Once offering becomes effective, Yatra India will file final prospectus with SEBI indicating size and price of Yatra India’s offering.

- Expect process will be completed in the third calendar quarter of 2022.*
