Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ On March 22, 2019, Citrix paid a cash dividend of $0.35 per share to its shareholders of record as of the ex-dividend date of March 7, 2019. As was necessary per the indenture, the Conversion Price for the Convertible Notes was adjusted down from $71.68 to $71.44.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ As described above, on March 7, 2019, the Conversion Price or the basis, from the Convertible Notes was decreased from $71.68 to $71.44, a percentage change of negative 0.34% that is equal to the dividend yield.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The change in the Conversion Price or the change in basis is the same as the dividend yield on the underlying stock. The dividend yield was calculated as of trading day immediately prior to the ex-dividend date. The closing stock price of Citrix stock (Nasdaq: CTXS) on March 6, 2019 was $103.63. Therefore the dividend yield is as follows: 0.34% = $0.35 / $103.63.
