Part II: ORGANIZATIONAL ACTION

CONSULT YOUR TAX ADVISOR

The information contained herein is being provided pursuant to the requirements of Section 6045B of the Internal Revenue Code of 1986, as amended (the “Code”), and includes a general summary regarding the application of certain U.S. federal income tax laws and regulations relating to the effects of the distribution (the “Distribution”) of the GetGo, Inc. (“GetGo”) stock on the tax basis of Citrix Systems, Inc. (“Citrix”) stock and the allocation of tax basis between the stock of Citrix and GetGo following the Distribution and the resulting impact of the automatic conversion of the shares of GetGo into shares of LogMeIn, Inc. (“LogMeIn”) resulting from the merger (the “Merger”) of GetGo into a subsidiary of LogMeIn. The information contained herein does not constitute tax advice and does not purport to be complete or to describe the consequences that may apply to particular categories of stockholders. Citrix does not provide tax advice to its stockholders. The example provided below is illustrative and is being provided pursuant to Section 6045B of the Code and as a convenience to stockholders and their tax advisors when establishing their specific tax position. You are urged to consult your own tax advisor regarding the particular consequences of the Distribution and Merger to you, including the applicability and effect of all U.S. federal, state and local and foreign tax laws.

Item 14 – Description of organizational action

In the Distribution, Citrix distributed all of the shares of common stock of its wholly owned subsidiary, GetGo, to Citrix stockholders as of January 31, 2017 in a pro rata distribution. The Distribution is in connection with the Merger, pursuant to which a wholly owned subsidiary of LogMeIn merged, on January 31, 2017, with and into GetGo, with GetGo surviving the merger as a wholly-owned subsidiary of LogMeIn.

In the Distribution, 26,868,269 shares of GetGo common stock were distributed to Citrix stockholders of record on January 20, 2017, and, pursuant to the Merger, each share of GetGo common stock was converted into the right to receive one share of LogMeIn common stock.

As a result of the Distribution and the Merger, in additional to retaining the shares of Citrix common stock that they own, Citrix stockholders received approximately 0.1718 of a share of LogMeIn common stock for each share of Citrix common stock that they owned of record as of January 20, 2017. No fractional shares of LogMeIn were issued, and Citrix stockholders instead received cash in lieu of any fractional shares.

Item 15 – Description of the quantitative effect of the organizational action on the basis of the security in the hands of the U.S. taxpayer as an adjustment per share or as a percentage of old stock basis.

As a result of the Distribution, Citrix stockholders are required to allocate the aggregate tax basis in their Citrix common stock held immediately before the Distribution among such shares and the shares of GetGo common stock to which such stockholders were entitled in the Distribution. A stockholder’s aggregate tax basis in its shares of Citrix common stock held immediately prior to the Distribution should be allocated in proportion to the relative fair market value of the Citrix common stock and the GetGo common stock.
Stockholders that acquired Citrix common stock at different times or different prices will need to calculate their tax basis in each block of stock and then allocate a portion of that tax basis to the Citrix common stock and the GetGo common stock to which such stockholders were entitled.

The tax basis of each LogMeIn share received in the Merger should then be the same as the tax basis of each share of GetGo Inc. automatically converted into such LogMeIn share.

Fair market value generally is the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of the facts. U.S. federal income tax law does not specifically prescribe how you should determine the fair market values of the Citrix stock and the GetGo common stock for purposes of allocating your tax basis. You should consult your tax advisor to determine what measure of fair market value is appropriate.

There are several possible methods for determining the fair market values of Citrix common stock and GetGo common stock. One possible approach to determining the fair market value of the Citrix common stock and GetGo common stock is to utilize the closing trading prices for Citrix common stock ($71.24 per share) and LogMeIn common stock ($106.60 per share) on February 1, 2017 (the first day Citrix common stock and the as-converted GetGo common stock traded regularly on the NASDAQ) as an indication of fair market value. Based on that approach and the assumptions and calculations set forth in Item 16 below, 79.54568% of a Citrix stockholder’s aggregate tax basis in his or her shares of Citrix common stock prior to the Distribution would be allocated to such stockholder’s shares of Citrix common stock and 20.45432% would be allocated to such stockholder’s shares of GetGo common stock.

You are not bound by this approach and may, in consultation with your tax advisor, use another approach in determining fair market values for Citrix common stock and GetGo common stock. For example, other approaches include (i) using the average of the high and low trading prices for Citrix common stock and GetGo common stock as of the first day such stock traded regularly on the NASDAQ and (ii) using the market opening price of Citrix common stock and GetGo common stock as of the first day the Citrix common stock and GetGo common stock traded regularly on the NASDAQ.

**Item 16 – Description of the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates.**

The following is an example of how the above-described approach to basis allocation would be applied:

**Assumptions:**

Shares of Citrix common stock owned immediately before the Distribution and the Merger: 1,000

Citrix stockholder’s aggregate tax basis (assumed to be $50 per share): $50,000

Shares of LogMeIn common stock received as a result of the Distribution and the Merger (1,000 shares multiplied by the ratio of LogMeIn shares to be received in the conversion): 171.8443
Example Tax Basis Calculation:

<table>
<thead>
<tr>
<th></th>
<th># Shares Owned</th>
<th>Assumed Beginning Basis (A)</th>
<th>Price</th>
<th>FMV of Stock Owned Following Merger</th>
<th>Percentage of Total FMV (B)</th>
<th>Allocated Tax Basis = (A) x (B)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Citrix Common Stock</td>
<td>1,000</td>
<td>$ 50,000</td>
<td>$ 71.24</td>
<td>$ 71,240</td>
<td>79.54568%</td>
<td>$ 39,773</td>
</tr>
<tr>
<td>LogMeIn Common Stock</td>
<td>171.8443</td>
<td>$ 106.60</td>
<td>$ 18,319</td>
<td>20.45432%</td>

<td>Totals</td>
<td></td>
<td></td>
<td>$ 89,559</td>
<td>100.0000%</td>

</table>

The allocation above is among all the shares of Citrix common stock and LogMeIn common stock to which a Citrix shareholder is entities, including fractional shares thereof. Because Citrix shareholders will receive cash in lieu of any fractional shares, the tax basis allocated to whole shares is reduced to reflect the cash received in exchange for the right to receive such fractional share.

**Item 17 – List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based**

The Distribution is intended to be a tax-free distribution under IRC Section 355 and the Merger is intended to be a tax-free reorganization under IRC Section 368(a). Citrix stockholders should not recognize gain or loss for U.S. federal income tax purposes on the receipt of GetGo common stock pursuant to Section 355(a)(1) of the Code or LogMeIn common stock pursuant to Section 354, except in respect of cash received in lieu of fractional shares. The tax basis calculations resulting from the Distribution and the Merger is governed by Sections 358(a) and (b) of the Code.

**Item 18 – Can any resulting loss be recognized?**

A resulting loss could be recognized upon the receipt of cash in lieu of fractional shares in the Merger.
