by

CODEX GAMES LIMITED

an indirect subsidiary of

ELECTRONIC ARTS INC.

(to be implemented by way of a scheme of arrangement under Part 26 of the Companies Act 2006)

Summary

- The boards of Electronic Arts Inc. (“EA”) and Codemasters Group Holdings plc (“**Codemasters**”) are pleased to announce that they have reached agreement on the terms of a recommended cash acquisition by Codex Games Limited (“**Bidco**”), an indirect subsidiary of EA, of the entire issued and to be issued share capital of Codemasters (the “**Acquisition**”). It is intended that the Acquisition be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act (or, if Bidco so elects, with the consent of the Panel, an Offer).
- Under the terms of the Acquisition, Codemasters Shareholders will be entitled to receive:

for each Codemasters Share 604 pence in cash
- The terms of the Acquisition value Codemasters’ entire issued and to be issued share capital at approximately £945 million (US\$1,248 million) on a fully diluted basis.
- The terms of the Acquisition represent a premium of approximately:
 - 14.4 per cent. to the current value of 528 pence per Codemasters Share implied by the cash and share offer made by Take-Two for Codemasters announced on 10 November 2020 (the “**Take-Two Offer**”) (based on Take-Two’s closing price of US\$190.21 and the exchange rate

- of US\$1.32:£1 on 11 December 2020, being the last practicable date prior to the date of this Announcement);
- 72.6 per cent. to the Closing Price per Codemasters Share of 350 pence on 22 September 2020, being the date of Take-Two's initial proposal to Codemasters;
 - 55.7 per cent. to the volume weighted average price per Codemasters Share of 388 pence in the 90 days ending on the 5 November 2020 (being the day prior to media speculation of Take-Two's possible interest in an offer for Codemasters); and
 - 38.9 per cent. to the Closing Price per Codemasters Share of 435 pence on 5 November 2020 (being the day prior to media speculation of Take-Two's possible interest in an offer for Codemasters).
- EA believes the combination of EA and Codemasters creates an opportunity to deliver further growth and success for Codemasters' and EA's popular and innovative franchises. In an industry where IP is deeply valuable, the union of EA and Codemasters will create a global leader in racing entertainment. Bringing together Codemasters' critically-acclaimed sports and racing franchises Formula One, DiRT®, GRID® and Project Cars with EA's global Need for Speed franchise, fan-favourite Real Racing mobile game and EA SPORTS brands, along with the combined expertise of the respective teams, will allow EA to innovate further and meaningfully increase the delivery of content and experiences that appeal to a growing, global audience for racing entertainment. Codemasters has deep creative talent and has produced high-quality racing games for many years, including the Formula One franchise that continues to deliver great entertainment for F1's growing fan base. EA believes it can help accelerate Codemasters' performance by leveraging EA's deep genre expertise in live services operations, data science and game analytics, as well as access to EA's central development and technology teams across an array of disciplines, including art and motion capture, quality verification, compliance and localisation. Additionally, EA's global publishing, marketing and game development support capabilities will also expand the addressable market for Codemasters' franchises. Ultimately, a combination of Codemasters and EA will enable EA to deliver a market-leading portfolio of creative and exciting racing games and content to more platforms and more players around the world.
 - EA believes there is a compelling strategic and financial rationale for the Acquisition because it:
 - creates a global leader in racing entertainment experiences;
 - provides an opportunity to significantly grow the revenue of Codemasters' high-quality racing titles by providing access to EA's:
 - data science and analytics team;
 - global publishing and marketing resources;
 - live service expertise;
 - data and network security;
 - technology infrastructure; and
 - 330 million-strong player network.
 - enables the Combined Group to deliver more racing experiences to fans, building momentum and presence with this important audience;

- enables the cross-fertilisation of ideas, expertise and technology between the racing development teams of the Combined Group, accelerating development and innovation, and the identification and adoption of best practices;
 - delivers compelling financial benefits for the Combined Group. The Acquisition is expected to grow net bookings and underlying profitability; and
 - creates ongoing and expanded engagement opportunities for EA and Codemasters sports and racing games through EA’s industry-leading multi-platform subscription services.
- **The Codemasters Directors, who have been so advised by Jefferies as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. In providing its advice to the Codemasters Directors, Jefferies has taken into account the commercial assessments of the Codemasters Directors. Jefferies is providing independent financial advice to the Codemasters Directors for the purposes of Rule 3 of the Code.**
 - **Accordingly, the Codemasters Directors intend to recommend unanimously that Codemasters Shareholders vote in favour of the Scheme at the Court Meeting and the resolutions to be proposed at the General Meeting (or, if the Acquisition is implemented as an Offer, to accept such Offer).**
 - **In light of the Codemasters Directors’ intention to recommend the Acquisition by EA, the Codemasters Board has today announced that it has withdrawn its recommendation of the Take-Two Offer and that it proposes to adjourn the Codemasters shareholder meetings convened for 21 December 2020 to consider the Take-Two Offer.**
 - Commenting on the Acquisition, Andrew Wilson, Chief Executive Officer of EA, said:

“We believe there is a deeply compelling opportunity in bringing together Codemasters and EA to create amazing and innovative new racing games for fans. Our industry is growing, the racing category is growing, and together we will be positioned to lead in a new era of racing entertainment. We have admired Codemasters’ creative talent and high-quality games for many years. With the full leverage of EA’s technology, platform expertise, and global reach, this combination will allow us to grow our existing franchises and deliver more industry-defining racing experiences to a global fan base. We are pleased that both our Boards of Directors are recommending this transaction, and we look forward to welcoming such an exciting and talented team to the EA family.”
 - Commenting on the Acquisition, Gerhard Florin, Chairman of Codemasters, said:

“Electronic Arts and Codemasters have a shared ambition to lead the video game racing category. The Board of Codemasters firmly believes the company would benefit from EA’s knowledge, resources and extensive global scale – both overall and specifically within the racing sector. We feel this union would provide an exciting and prosperous future for Codemasters, allowing our teams to create, launch and service bigger and better games to an extremely passionate audience.”
 - If any dividend or other distribution is authorised, declared, made or paid in respect of Codemasters Shares on or after the date of this Announcement, Bidco reserves the right to reduce the offer consideration by the aggregate amount of such dividend or other distribution. If Bidco exercises this right to make such a reduction in respect of a dividend or distribution, Codemasters Shareholders will be entitled to receive and retain that dividend or other distribution.

- It is intended that the Acquisition will be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act (or, if Bidco so elects, with the consent of the Panel, an Offer). The Acquisition is conditional on, among other things: (i) the approval of Codemasters Shareholders at the Court Meeting and the passing of the resolutions by Codemasters Shareholders at the General Meeting; (ii) the sanction of the Scheme by the Court; and (iii) approval from competition authorities in Germany and Austria. The Acquisition does not require the approval of EA Shareholders.

If any dividend or other distribution in respect of the Codemasters Shares is announced, declared, payable or paid in respect of the Codemasters Shares on or after the date of this Announcement and prior to the Effective Date, Bidco reserves the right to reduce the consideration payable for each Codemasters Share by the amount of all or part of any such dividend or other distribution. If Bidco exercises this right to make such a reduction in respect of a dividend or distribution, Codemasters Shareholders will be entitled to receive and retain that dividend or other distribution. Any exercise by Bidco of its right referred to in this paragraph will be announced via a Regulatory Information Service.

3. Background to and reasons for the Acquisition

EA believes there is a compelling strategic and financial rationale for the Acquisition because it:

Creates a global leader in racing entertainment experiences through the combination of Codemasters' critically acclaimed sports and racing franchises coupled with EA's global Need for Speed franchise, fan-favourite Real Racing mobile game and EA SPORTS brands.

Codemasters has a portfolio of leading racing simulation game franchises that are widely recognised for their high-quality experiences, including the official Formula One racing games, DiRT®, DiRT Rally, GRID® and Project Cars. These franchises are highly complementary to EA's global Need for Speed franchise, one of the most successful video game franchises of all time with more than 185 million units sold lifetime to date, fan-favourite Real Racing mobile game, as well as the EA SPORTS portfolio of iconic sports titles like FIFA and Madden NFL. EA believes the combination of these teams and franchises will create a powerhouse in interactive racing and sports entertainment.

EA's talent base and expertise in the racing category comes with deep data and analytics capabilities, providing racing audience insights to sharpen development and marketing for this combined effort moving forward. The global success of EA's Need for Speed franchise has seen it expand into other forms of entertainment, including a film adaptation and licensed Hot Wheels toys.

The EA SPORTS brand is a worldwide icon in the sports and entertainment world. Its franchises include FIFA – the most successful game franchise in the world – as well as Madden NFL, NHL, UFC and more.

These games engage hundreds of millions of players on an annual basis across console, mobile and PC platforms, and continually put EA SPORTS at the center of sports and entertainment culture. EA SPORTS games are known, revered and played by top-level athletes all over the world; they are the basis for multiple growing esports programs; and they are fixtures in global pop culture.

EA is very excited by the potential of Codemasters' successful Formula One franchise. It is a global sport with a tremendous fan base in Europe, as well as growing audiences in Asia and North America. Codemasters' high-quality games in this franchise, combined with EA's ability to reach and engage a broader audience in this expanding digital universe, will represent a strong growth opportunity for the Combined Group.

Provides an opportunity to significantly grow EA's revenue in the genre through portfolio expansion and a regular title release cadence.

Bringing together EA and Codemasters will immediately create an opportunity to grow existing franchises by expanding the addressable market. The union will result in access to more platforms, reaching more geographies and integration into more business models to increase consistency, reach and revenue.

Specifically, the Combined Group will be able to build on the success of Codemasters' Formula One franchise by unlocking further growth opportunities, leveraging EA's success growing its Need for Speed and FIFA franchises in Asia and other regions.

Combining EA and Codemasters will deliver additional growth opportunities for Codemasters' franchises by leveraging the reach, visibility and impact of the EA SPORTS brand, which engages hundreds of millions of players across platforms on an annual basis.

Delivers compelling financial benefits for the Combined Group. The Acquisition is expected to grow net bookings and underlying profitability.

Codemasters has demonstrated consistent revenue and profitability growth, and combined with efficiencies from EA's operating scale and publishing expertise, is expected to continue to contribute to the Combined Group, and with improved operating leverage over time.

EA expects to drive strong growth in Codemasters franchises, including the Formula One franchise. This growth will be enabled by leveraging EA's expertise in large-scale live services and global publishing reach, as well as integration of marketing and other expansion opportunities.

Produces the ability to drive scaled expansion for these businesses through live services, global publishing and marketing.

EA sees the ability to grow the business of key franchises through live services that extend and enhance the experience with ongoing player engagement opportunities and monetisation. It also creates opportunities for additional extensions through esports and other forms of digital content.

The union enables EA and Codemasters to grow the global appeal of franchises like Formula One through the integration of marketing functions driving innovation and acquisition of wider player audiences, and by increasing investment in publishing and development by creating best-in-class features to expand the accessibility and appeal of Codemasters franchises to a broader audience.

EA's platform expertise and global reach will enable Codemasters franchises to reach more players across more platforms and geographies. Leveraging EA's capabilities in mobile, cloud and AAA platforms will make Codemasters games accessible to more players around the world. EA's relationships with brand partners and expertise in partnerships, licensing and brand marketing will be utilised to expand the scale of and user engagement with Codemasters' existing and upcoming franchises.

The combination allows EA to integrate Codemasters into its network of world-class studios. EA can leverage its creative, technical and commercial knowledge base across studios to enhance Codemasters' development and publishing. In addition, EA's central services teams across development technology, art and motion capture, quality verification, compliance and localisation will all be resources available to Codemasters.

As EA continues to grow its Need for Speed franchise in complement to Codemasters' valuable franchises, the Combined Group will establish itself as a global leader in racing entertainment. The talent compatibility of the two organisations sets up the union to drive growth and scale together.

Creates ongoing and expanded engagement opportunities for EA and Codemasters racing and sports games through EA's industry-leading multi-platform subscription services.

EA believes the combination of subscription services and cloud streaming will increase consumption of and engagement with games – just as it has for every other form of digital entertainment – leading to significant business growth. The Acquisition would enable Codemasters' key franchises to be at the forefront of new innovation in this space, making its games more accessible to more players everywhere.

EA's subscription services would bring benefits to Codemasters' franchises, as they are the only multi-platform offerings in the market today – reaching across Xbox, PlayStation and PC platforms (both EA's own platform and on Steam). Codemasters franchises would be in a position to leverage the growth and evolution of these platforms, plus benefit from access to EA's valuable platform partnerships.

4. Recommendation

The Codemasters Directors, who have been so advised by Jefferies as to the financial terms of the Acquisition, consider the terms of the Acquisition to be fair and reasonable. In providing its advice to the Codemasters Directors, Jefferies has taken into account the commercial assessments of the Codemasters Directors. Jefferies is providing independent financial advice to the Codemasters Directors for the purposes of Rule 3 of the Code.

Accordingly, the Codemasters Directors intend to recommend unanimously that Codemasters Shareholders vote in favour of the Scheme at the Court Meeting and the resolutions to be proposed at the General Meeting (or, if the Acquisition is implemented as an Offer, to accept such Offer).

In light of the Codemasters Directors' intention to recommend the Acquisition by EA, the Codemasters Board has today announced that it has withdrawn its recommendation of the Take-Two Offer and that it proposes to adjourn the Codemasters shareholder meetings convened for 21 December 2020 to consider the Take-Two Offer.

5. Background to and reasons for the recommendation

On 22 September 2020, Take-Two made an initial proposal to Codemasters. Following detailed due diligence and negotiation regarding the Take-Two proposal, on 10 November 2020, Take-Two announced

a binding offer of 120 pence in cash and 0.02834 new Take-Two Shares for each Codemasters Share, which based on Take-Two's closing share price of US\$159.99 and the exchange rate of US\$1.32:£1 on 9 November 2020 (being the last Business Day prior to the date of that announcement) valued each Codemasters Share at 464 pence. For the reasons detailed in the announcement of the Take-Two Offer, the Codemasters Directors concluded that the Take-Two Offer represented an attractive opportunity for Codemasters Shareholders to realise their shareholding in cash and highly liquid Take-Two shares at a fair valuation.

Following the binding announcement from Take-Two on 10 November 2020, EA made an initial approach to Codemasters. In accordance with its obligations under the Code and in order to advance discussions in the interests of delivering best value to shareholders, Codemasters engaged with EA to undertake detailed due diligence. On 10 December 2020, the Codemasters Directors received a proposal from EA of 604 pence per Codemasters Share in cash. The EA offer represents a significant increase in value relative to the Take-Two Offer. Specifically, the EA offer represents a premium of 14.4 per cent. to the current value of 528 pence per Codemasters Share implied by the Take-Two Offer (based on Take-Two's closing price of US\$190.21 and the exchange rate of US\$1.32:£1 on 11 December 2020, being the last practicable date prior to the date of this Announcement).

The Codemasters Directors remain confident that Codemasters' existing strategy would deliver significant value for Codemasters Shareholders as an independent company as it continues to successfully execute its strategy of growing and enhancing a market leading position in the racing category of the gaming sector. Since its initial public offering in 2018, Codemasters has continued its track record of developing and publishing best-in-class games. This has not only underpinned a robust financial performance, but also been a key driver behind the significant share price increase since IPO.

To strengthen the position that Codemasters has built within the racing category, there is an increasing necessity for additional investment in both resources and skills across its portfolio. The Codemasters Directors believe that EA's deep expertise and track record in sports gaming, game analytics and live services operations combined with its global publishing and distribution capabilities will help Codemasters accelerate growth and provide greater certainty over Codemasters' long-term success.

At a significant premium to the Take-Two Offer, the Codemasters Directors believe the terms of the EA offer further reinforce the quality of Codemasters' platform, portfolio, and future prospects of Codemasters. As such, the Codemasters' Directors intend unanimously to recommend the Acquisition to Codemasters Shareholders.

8. Financing

EA will finance the cash consideration payable to Codemasters Shareholders pursuant to the Acquisition from existing cash and cash equivalent resources on its balance sheet.

UBS, as financial adviser to EA and Bidco, is satisfied that cash resources available to Bidco are sufficient to enable it to satisfy in full the cash consideration payable to Codemasters Shareholders under the terms of the Acquisition.

9. Management, employees, pensions, research and development, locations

EA's strategic plans for Codemasters

EA believes the combination of EA and Codemasters creates an opportunity to deliver further growth and success for Codemasters and EA's popular and innovative franchises. The union of EA and Codemasters

will create a global leader in racing entertainment through the combination of Codemasters' critically acclaimed sports and racing franchises coupled with EA's global Need for Speed franchise, fan-favourite Real Racing mobile game and EA SPORTS brands.

EA intends to integrate Codemasters into the EA studios organisation -- a worldwide network of top development studios and more than 6,500 game creators responsible for some of the top gaming franchises in the world.

Given the complementary nature of Codemasters and EA in terms of their areas of focus, franchises and capabilities, it is anticipated that there will be limited impact from the Acquisition on employees and customers of EA's products. Upon completion of the Acquisition, the management teams of EA and Codemasters will initiate a detailed review of the operations of both businesses to assess how they can work most effectively and efficiently together. The management teams will also carry out a review of Codemasters' products in the context of Codemasters' strategic objectives within the wider EA Group and to understand how to leverage EA's publishing and commercial knowledge to enhance Codemasters' product performance. These reviews, which are expected to take up to twelve months following completion of the Acquisition, will consider the current operating and organisational structures of both businesses and provide the basis for the development of a programme designed to integrate Codemasters in a way which minimises disruption to employees whilst delivering the expected opportunities and benefits of the Acquisition.

Given the complementary nature of EA and Codemasters and the limited areas of overlap, it is anticipated that there will be minimal consolidation of the existing studios and operational centres of Codemasters. In respect of Codemasters' head office, corporate and support functions, where overlap and duplication does exist, it is intended that, following a review of the options available, activities will be consolidated and rationalised to allow for the better integration of Codemasters into EA (see *Employees, Management, existing rights and pensions* below). This review is expected to take up to twelve months following completion of the Acquisition.

Employees, management, existing rights and pensions

EA attaches great importance to the skills and experience of the existing management and employees of Codemasters. EA believes that the existing employees of Codemasters will continue to be an integral part of the success of Codemasters within EA and that they will benefit from greater opportunities within the broader EA organisation following the completion of the Acquisition.

EA confirms that, following the completion of the Acquisition, the existing contractual and statutory employment rights, including in relation to pensions, of all management and employees of the Codemasters Group will be safeguarded in accordance with applicable law. EA intends to maintain conditions of employment (including employee compensation and benefits) that are no less favourable in the aggregate than the existing conditions of employment (including compensation and benefits) of the employees of the Codemasters Group and it does not intend to make any material change to the balance of skills and functions of the employees and management of the Codemasters Group. Following completion of the Acquisition, EA will carry out a review of the benefit entitlements of all management and employees of the Codemasters Group and may migrate employees onto EA's benefit plans where reasonably practicable in the first 12 months following completion of the Acquisition. EA expects the benefit plans to be offered to Codemasters employees will be substantially comparable to benefits currently offered to them by Codemasters and the Codemasters employees would also continue to benefit from any statutory protections afforded to them in accordance with applicable law.

EA expects minimal impact on its business due to the consolidation of Codemasters' existing studios and operational centers. EA believes that there is the potential to generate selected cost savings through restructuring of certain administrative functions and initial analysis has identified that there is likely to be an opportunity to rationalise certain corporate overheads and support functions. In head office, corporate and support functions where there is overlap and duplication, activities will be consolidated and the effects will be communicated to employees following a review of options which is expected to take up to 12 months.

Codemasters' existing executive management team, including Frank Sagnier, Chief Executive Officer, and Rashid Varachia, Chief Financial Officer, will remain in place following the completion of the Acquisition and continue to lead the business within the EA studios organisation. Subject to the outcome of a detailed review of integration options (with respect to studios, marketing, licensing arrangements and certain other aspects of Codemasters' business and operations) and other than in relation to overlapping head office, corporate and support functions, it is anticipated that there will not be a material reduction in the combined headcount of EA and Codemasters. At this stage, EA has not yet developed a proposal as to how such integration and restructuring would be implemented and will only be able to develop and implement such proposals once its review has been completed. EA intends to commence this detailed review as soon as practicable following completion of the Acquisition and expects it will take up to 12 months. Following completion of this detailed review, EA will be able to determine whether additional headcount changes in addition to those identified above are required.

Following completion of the Acquisition, EA does not intend to make any changes with regard to the agreed employer contributions into Codemasters' existing defined contribution pension scheme(s) or other pension schemes. The Codemasters Group does not participate in any defined benefit pension scheme.

Management and employee incentivisation arrangements

Following the Effective Date, EA intends to review the management, governance and incentive structure of Codemasters and proposals regarding incentivisation arrangements for certain management and employees of Codemasters will be considered as part of such review. Except as described below, EA has not entered into and has not had discussions on proposals to enter into, any new incentivisation arrangements with members of Codemasters' management or any of its employees.

Following the Effective Date, EA will grant EA RSUs to certain members of management and employees of Codemasters as follows:

- Frank Sagnier will be awarded such number of EA RSUs as have a value equivalent to £908,334 on the date of grant;
- Rashid Varachia will be awarded such number of EA RSUs as have a value equivalent to £681,250 on the date of grant;
- Jonathan Bunney will be awarded such number of EA RSUs as have a value equivalent to £1,135,417 on the date of grant;
- Clive Moody will be awarded such number of EA RSUs as have a value equivalent to £1,135,417 on the date of grant; and
- other specified employees of Codemasters will, in aggregate, be awarded such number of EA RSUs as have a value equivalent to a total of £3,027,780 on the date of grant.

The EA RSUs to be awarded to Frank Sagnier and Rashid Varachia would vest over one year subject to continued employment. The EA RSUs to be awarded to Jonathan Bunney and Clive Moody would vest over four years subject to continued employment. The EA RSUs to be awarded to other specified employees of Codemasters would vest over three years subject to continued employment.

In addition to the above, EA intends to incentivise Codemasters employees (other than senior management) with EA RSUs that have a value equivalent to a total of £3,027,780 on the date of grant. These EA RSUs will vest over three years subject to continued employment. The Codemasters employees who receive these awards have not been determined and EA does not intend to make all of these awards within 12 months of the Effective Date.

For the purposes of Rule 16.2(a) of the Code, Jefferies has confirmed that, in its opinion, the award of EA RSUs to Frank Sagnier and Rashid Varachia and the two members of Codemasters' senior management are fair and reasonable so far as the Codemasters Shareholders are concerned.

Headquarters, locations, research and development and fixed assets

Beyond the potential changes identified above in relation to certain corporate overheads and support functions of Codemasters, EA does not intend to initiate any material changes in the location or functions of Codemasters' operations and places of business, including its head office, or redeploy the fixed assets of Codemasters, as a result of the Acquisition.

EA does not expect the Acquisition to have a material impact on the research and development activities of either Codemasters or EA.

Maintenance of existing trading facilities

Prior to the Scheme becoming Effective, it is intended that applications will be made to the London Stock Exchange to cancel trading in the Codemasters Shares on AIM, with effect from or shortly following the Effective Date and to re-register it as a private company.

Other

The statements in this Section 9 (*Management, employees, pensions, research and development, locations*) which constitute "post-offer intention statements" for the purposes of Rule 19.6 of the Code, will apply for 12 months from completion of the Acquisition.

No statements in this Section 9 (*Management, employees, pensions, research and development, locations*) constitute "post-offer undertakings" for the purposes of Rule 19.5 of the Code.

Views of the Codemasters Board

In considering the recommendation of the Acquisition to Codemasters Shareholders, the Codemasters Board has given due consideration to the confirmations that EA has given in relation to its employees. The Codemasters Board welcomes EA's intentions with respect to the future operations of the business and its employees as part of EA, in particular, EA's confirmation of its intention to safeguard the existing statutory and contractual employment and pension rights of Codemasters' employees and management and not to make any material change to the balance of skills and functions of employees across Codemasters.

10. Codemasters Share Schemes

Participants in the Codemasters Share Schemes will be contacted regarding the effect of the Acquisition on their rights under the Codemasters Share Schemes and appropriate proposals will be made to such participants in due course.

Further details of the terms of such proposals will be set out in the Scheme Document and in separate communications and proposal documentation which will be provided to participants in the Codemasters Share Schemes.

11. Acquisition-related arrangements

Confidentiality Agreement

EA entered into a confidentiality agreement with Codemasters dated 24 November 2020 (the “**Confidentiality Agreement**”) pursuant to which each of EA and Codemasters has undertaken to keep confidential information relating to the Acquisition and the other party and not to disclose it to third parties (with certain exceptions). These confidentiality obligations will cease to have effect upon the Acquisition becoming Effective or, until the date falling two years from the date of the Confidentiality Agreement.

The Confidentiality Agreement also includes customary standstill and non-solicitation obligations on EA.

Co-operation Agreement

EA, Bidco and Codemasters entered into a co-operation agreement dated 14 December 2020 (the “**Co-operation Agreement**”), pursuant to which: (i) Codemasters has agreed to co-operate with EA and Bidco to ensure the satisfaction of certain regulatory conditions, and EA and Bidco have entered into commitments in relation to obtaining regulatory clearances; (ii) EA and Bidco have agreed to provide Codemasters with certain information for the purposes of the Scheme Document and to otherwise assist with the preparation of the Scheme Document; (iii) EA and Bidco have agreed to certain provisions if the Scheme should switch to an Offer; and (iv) each of Codemasters, EA and Bidco has agreed to take any action necessary to implement certain proposals in relation to the Codemasters Share Schemes.

The Co-operation Agreement will terminate if the Acquisition is withdrawn or lapses, if prior to the Long Stop Date any Condition becomes incapable of satisfaction, at Bidco’s election if the Codemasters Directors withdraw their recommendation of the Acquisition, at either party’s election if the Codemasters Directors recommend a competing proposal, or if the Scheme does not become Effective in accordance with its terms by the Long Stop Date or otherwise as agreed between EA and Codemasters.

12. Structure of the Acquisition

Scheme

It is intended that the Acquisition will be implemented by way of a Court-sanctioned scheme of arrangement between Codemasters and the Codemasters Shareholders under Part 26 of the Companies Act.

The purpose of the Scheme is to provide for Bidco to become the holder of the entire issued and to be issued share capital of Codemasters. This is to be achieved by the transfer of the Codemasters Shares to Bidco in consideration for which the Codemasters Shareholders who are on the Codemasters’ register of members at the Scheme Record Time will receive the cash consideration on the basis set out in Section 2 (*The Acquisition*) of this Announcement.

Approval by Court Meeting and General Meeting

To become Effective, the Scheme requires, among other things the:

- (a) satisfaction (or, where applicable, waiver) of the Conditions including the receipt of clearances or relevant waiting periods having expired as applicable under the merger control regimes in Austria and Germany;
- (b) approval of a majority in number of the Codemasters Shareholders who are present and vote, either in person or by proxy, at the Court Meeting and who represent not less than 75 per cent. in value of the Codemasters Shares voted by those Codemasters Shareholders;
- (c) approval of the requisite majorities of the votes cast, either in person or by proxy, of the resolutions necessary in order to implement the Scheme at the General Meeting; and
- (d) sanction of the Scheme by the Court and, following such sanction, the delivery of a copy of the Court Order to the Registrar of Companies.

Application to Court to sanction the Scheme

Once the approvals of the Codemasters Shareholders have been obtained at the Court Meeting and the General Meeting, and the other Conditions have been satisfied or (where applicable) waived, the Scheme must be sanctioned by the Court at the Court Hearing.

The Scheme will become effective in accordance with its terms upon delivery of a copy of the Court Order to the Registrar of Companies. Upon the Scheme becoming Effective, it will be binding on all Codemasters Shareholders, irrespective of whether or not they attended or voted at the Court Meeting or General Meeting, or whether they voted in favour of or against the Scheme.

Full details of the Scheme to be set out in the Scheme Document

The Scheme Document will contain further information about the Acquisition and the notices of the Court Meeting and General Meeting, together with the associated Forms of Proxy. Further details of the Scheme will be set out in the Scheme Document, including the expected timetable and the action to be taken by Codemasters Shareholders.

The Scheme will be governed by the laws of England and Wales. The Scheme will be subject to the applicable requirements of the Code, the Panel, the London Stock Exchange, the FCA and the AIM Rules.

It is expected that the Scheme Document will be published and sent to Codemasters Shareholders and, for information only, to participants in the Codemasters Share Schemes within 28 days of this Announcement, unless EA, Bidco and Codemasters otherwise agree, and the Panel consents, to a later date.

At this stage, subject to the approval and availability of the Court (which is subject to change), and subject to the satisfaction (or, where applicable, waiver) of the Conditions, EA and Bidco expect the Acquisition will become Effective in the first quarter of 2021.

Subject to certain restrictions relating to persons resident in Restricted Jurisdictions, the Scheme Document will also be made available on EA's website at www.ea.com/codemasters-group and Codemasters' website at www.codemasters.com/investors/#electronic-arts.

Conditions to the Acquisition

The Acquisition will be subject to the Conditions and further terms set out in full in Appendix I to this Announcement and to be set out in the Scheme Document.

Amongst others, the Conditions include the receipt of clearances or relevant waiting periods having expired as applicable under the merger control regimes in Austria and Germany.

- (c) the General Meeting is not held on or before the 22nd day after the expected date of the General Meeting to be set out in the Scheme Document in due course (or such later date as may be agreed between EA and Codemasters and the Court may allow); or
- (d) the Scheme is not sanctioned on or before the 22nd day after the expected date of the Court Hearing to be set out in the Scheme Document in due course (or such later date as may be agreed between EA and Codemasters and the Court may allow) and a copy of the Court Order is not delivered to the Registrar of Companies,

and such deadlines are not waived by Bidco or otherwise extended by agreement between EA, Bidco, Codemasters, the Panel and the Court.

Right to switch to an Offer

Bidco reserves the right to elect, with the consent of the Panel, to implement the Acquisition by way of an Offer for the entire issued and to be issued share capital of Codemasters as an alternative to the Scheme. In such an event, the Offer will be implemented on the same terms (subject to appropriate amendments), so far as applicable, as those which would apply to the Scheme and subject to the amendment referred to in Part C of Appendix I to this Announcement.

13. De-listing, cancellation of trading and re-registration

Prior to the Scheme becoming Effective, a request will be made by Codemasters to the London Stock Exchange to cancel the admission to trading in Codemasters Shares on AIM to take effect on, or shortly after, the Effective Date.

On the Effective Date, share certificates in respect of Codemasters Shares will cease to be valid (and should be destroyed) and entitlements to Codemasters Shares held within the CREST system will be cancelled.

As soon as practicable after the Effective Date and after the cancellation of the admission to trading in Codemasters Shares on AIM, it is intended that Codemasters will be re-registered as a private limited company under the relevant provisions of the Companies Act.

14. Disclosure of interests in Codemasters

As at the close of business on 11 December 2020 (being the last practicable date prior to this Announcement), none of EA, Bidco or any of their respective directors or, so far as EA or Bidco is aware, any person acting, or deemed to be acting, in concert with EA or Bidco had:

Furthermore, no dealing arrangement (of the kind referred to in Note 11 of the definition of “acting in concert” in the Code) exists between EA, Bidco or Codemasters or any person acting in concert with EA, Bidco or Codemasters in relation to Codemasters Shares.

If Bidco exercises this right to make such a reduction in respect of a dividend or distribution, Codemasters Shareholders will be entitled to receive and retain that dividend or other distribution.
9. If EA or Bidco is required by the Panel to make an offer for Codemasters pursuant to Rule 9 of the Code, EA or Bidco may make such alterations to any of the above Conditions and terms of the Acquisition as are necessary to comply with the provisions of the Code.
