Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These include statements regarding preliminary earnings results. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected. Among the factors that could cause actual results to differ from those contemplated are: the finalization of the Company's financial closing procedures and financial statements for the fiscal second quarter of 2021, and any adjustments identified by the Company in the course of these procedures; the potential impacts on the Company's business, reputation, relationships, results of operations, cash flows and financial condition as a result of the proposed acquisition of Coherent by the Company and other business risks, including (a) the COVID-19 pandemic and related impacts, which may continue to adversely impact our business, financial performance and results of operations; (b) quarter-over-quarter product mix fluctuations which can materially impact profitability measures due to the broad gross margin ranges across our portfolio; (c) continued decline of average selling prices across our businesses; (d) effects of seasonality; (e) the ability of our suppliers and contract manufacturers to meet production and delivery requirements for our forecasted demand; (f) inherent uncertainty related to global markets, including the impact of the COVID-19 pandemic, changes in the political or economic environment, including trade and export restrictions and the imposition of tariffs or other duties, and the effect of such markets on demand for our products; (g) changes in customer demand; (h) our ability to attract and retain new customers, particularly in the 3D sensing market; and (i) the risk that Lumentum's financing or operating strategies will not be successful. For more information on these and other risks, please refer to the "Risk Factors" section included in the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended December 26, 2020 to be filed with the Securities and Exchange Commission, and in the Company's other filings with the Securities and Exchange Commission, including the Company's Annual Report on Form 10-K for the fiscal year ended June 27, 2020, filed by Lumentum with the Securities and Exchange Commission on August 25, 2020. The forward-looking statements and preliminary financial results contained in this press release are made as of the date hereof and the Company assumes no obligation to update such statements, except as required by applicable law.

Use of Non-GAAP Financial Measures

In this press release, Lumentum provides investors with operating margin, operating income, net income and net income per share on a non-GAAP basis. Lumentum believes this non-GAAP financial information provides additional insight into the Company's on-going business operations and results, as well as cash generation, and has therefore chosen to provide this information to investors for a more consistent basis of comparison and to help them evaluate the results of the Company's on-going operations and enable more meaningful period to period comparisons. In addition, the Company believes that providing certain of these measures allow investors to better understand the Company's cash flows and, importantly, to evaluate the efficacy of the methodology and information used by management to evaluate and measure such cash flows. However, these measures may be different from non-GAAP measures used by other companies, limiting their usefulness for comparison purposes. The non-GAAP financial measures used in this press release should not be considered in isolation from measures of financial performance

prepared in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. In particular, many of the adjustments to our GAAP financial measures reflect the exclusion of items that are recurring and will be reflected in our financial results for the foreseeable future. Further, these non-GAAP financial measures may not be comparable to similarly titled measurements reported by other companies.

Non-GAAP operating margin, non-GAAP operating income, non-GAAP net income and non-GAAP net income per share exclude, as applicable (i) stock-based compensation, (ii) inventory write-downs and fixed asset impairment due to cancelled programs, plans to exit certain lines of business and other costs and contingencies unrelated to current and future operations, (iii) acquisition and disposition related costs, (iv) integration related costs, (v) amortization of acquired intangibles, (vi) amortization of fair value adjustments, (vii) restructuring and related charges, (viii) non-cash interest expense, (ix) foreign exchange (gains) losses, net, (x) impairment charges, (xi) transferring product lines to Thailand, (xii) excess and obsolete inventory charges driven by the decline in demand from Huawei, (xiii) certain expenses related to the COVID-19 outbreak, and (xiv) non-cash income tax impacts. The presentation of these and other similar items in Lumentum's non-GAAP financial results should not be interpreted as implying that these items are non-recurring, infrequent or unusual.

A quantitative reconciliation between GAAP and non-GAAP financial data with respect to the second quarter of 2021 is included in the supplemental financial table below.
