PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 6, 2019

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The attached proxy is solicited on behalf of the Board of Directors (the “Board”) of Netflix, Inc., a Delaware corporation (the “Company”), for use at the Annual Meeting of Stockholders to be held on June 6, 2019, at 3:00 p.m. Pacific Time (the “Annual Meeting”), or at any adjournment or postponement of this meeting, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders and form of proxy. This year’s annual meeting will be held entirely via the internet. Stockholders may participate in the annual meeting by visiting the following website: www.virtualshareholdermeeting.com/nflx2019. To participate in the annual meeting, you will need the 16-digit control number included on your Notice, on your proxy card or on the instructions that accompanied your proxy materials.

Pursuant to rules promulgated by the Securities and Exchange Commission (“SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, the Company will mail, on or about April 23, 2019, a Notice of Internet Availability of Proxy Materials to stockholders of record and beneficial owners as of the close of business on April 8, 2019, referred to as the Record Date. On the date of mailing of the Notice of Internet Availability of Proxy Materials, all stockholders will have the ability to access all of the proxy materials at <http://www.netflixinvestor.com/financials/annual-reports-and-proxies>. Should you request it, we will make paper copies of these proxy materials available free of charge. To request a copy, please send your request to the Company’s Secretary at the address listed below.

Our principal executive offices are located at 100 Winchester Circle, Los Gatos, California 95032, and our telephone number is (408) 540-3700. Our internet website address is www.netflix.com. You may find our SEC filings, including our annual reports on Form 10-K, on our Investor Relations website at <https://www.netflixinvestor.com/financials/sec-filings>.

Revocability of Proxies

You may change your vote at any time prior to the vote at the Annual Meeting. If you are a stockholder of record as of the Record Date, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the Company’s Secretary at the address above prior to your shares being voted, or by attending the Annual Meeting and voting via the internet. Attendance at the meeting will not cause your previously

granted proxy to be revoked unless you specifically make that request. For shares you hold beneficially in the name of a broker, trustee or other nominee, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting via the internet.

Voting and Solicitation

Only stockholders of record at the close of business on the Record Date will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 437,219,953 shares of common stock outstanding and entitled to vote. Each holder of record of shares of common stock on that date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

You may vote via the internet by going to www.proxyvote.com and following the instructions on the screen. As explained in greater detail in the Notice of Internet Availability of Proxy Materials, to vote your shares, you may vote via the internet by visiting www.proxyvote.com and having available your 16-digit control number(s) contained on your Notice of Internet Availability of Proxy Materials. If you received your proxy materials by mail, you may vote by completing the enclosed proxy card, dating and signing it and returning it in the postage-paid envelope provided, or you may vote by phone by following the instructions on your proxy card. You may vote via the internet or by phone up until 8:59 PM Pacific Time on June 5, 2019. If you vote by mail, your proxy card must be received by June 5, 2019. If you are a stockholder of record on the Record Date, you can participate in the Annual Meeting online at www.virtualshareholdermeeting.com/nflx2019 and vote your shares during the Annual Meeting.

Properly delivered proxies will be voted at the Annual Meeting in accordance with the specifications made. Where no specifications are given, such proxies will be voted "FOR" all nominees, "FOR" proposals Two and Three, and "AGAINST" proposals Four and Five. It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Annual Meeting. If, however, any matter not described in this Proxy Statement is properly presented for action at the Annual Meeting, the persons named as proxies in the enclosed form of proxy will have authority to vote according to their own discretion.

The required quorum for the transaction of business at the Annual Meeting is the presence via the internet or by proxy of holders of a majority of the stock issued and outstanding and entitled to vote at the annual meeting as of the Record Date. Shares that are voted "FOR," "AGAINST," "WITHHELD" or "ABSTAIN," referred to as the Votes Cast, are treated as being present at the Annual Meeting for purposes of establishing a quorum. An abstention will have the same effect as a vote against proposals Two through Five. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but such non-votes will not be counted for purposes of determining the number of Votes Cast with respect to any proposal. Thus, a broker non-vote will not affect the outcome of the voting on proposals One through Five. A "broker non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner.

If you hold your shares through a broker, bank or other nominee ("street name") it is critical that you cast your vote if you want it to count in the election of directors (Proposal One of this Proxy Statement),

advisory approval of executive officer compensation (Proposal Three of this Proxy Statement), or any of the stockholder proposals (Proposals Four and Five of this Proxy Statement). Thus, if you hold your shares in “street name” and you do not instruct your bank or broker how to vote in the election of directors, no vote will be cast on your behalf on these proposals.

The cost of soliciting proxies will be borne by the Company. The Company may reimburse banks and brokers and other persons representing beneficial owners for their reasonable out-of-pocket costs. The Company may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation. If you vote using the internet or by phone, you may incur data or telephone usage charges from internet access providers or phone companies. The Company will not reimburse those costs.

Stockholder proposals that are intended to be presented at our 2020 Annual Meeting of Stockholders in our proxy materials for such meeting must comply with the requirements of SEC Rule 14a-8 and must be received by our Secretary no later than December 25, 2019 in order to be included in our Proxy Statement and proxy materials relating to our 2020 Annual Meeting of Stockholders. Such proposal or nomination must also comply with the requirements set forth in our bylaws. Proposals and nominations should be mailed to: Netflix, Inc., 100 Winchester Circle, Los Gatos, California 95032, Attention: Secretary. Our bylaws have been filed with the SEC and are available at www.sec.gov.

Each of the Compensation Committee members is also a non-employee director under Rule 16b-3 of the Exchange Act and an outside director under section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee reviews and approves all forms of compensation to be provided to the executive officers and directors of the Company. For a description of the role of the executive officers in recommending compensation and the role of any compensation consultants, please see the section entitled "Compensation Discussion and Analysis" below. The Compensation Committee held five meetings in 2018. Each member attended at least 75% of the aggregate of the Compensation Committee meetings held in 2018, except for Mr. Belmer, who was not a member of the Compensation Committee at the time of the meetings in 2018.

The Report of the Compensation Committee is included in this Proxy Statement. In addition, the Board has adopted a written charter for the Compensation Committee, which is available on the Company's Investor Relations website at <https://www.netflixinvestor.com/governance/governance-docs>.

Audit Committee

The Audit Committee of the Board consists of three non-employee directors: Mr. Barton, and Mses. Kilgore and Mather (Chair), each of whom is independent in compliance with the rules of the SEC and the listing standards of the NASDAQ Stock Market as they pertain to audit committee members. The Board has determined that Ms. Mather is an audit committee financial expert as defined by Item 407(d)(5)(ii) of Regulation S-K of the Securities Act of 1933, as amended.

The Audit Committee engages the Company's independent registered public accounting firm, reviews the Company's financial controls, evaluates the scope of the annual audit, reviews audit results, consults with management and the Company's independent registered public accounting firm prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of the Company's internal accounting controls and financial affairs. The Audit Committee met seven times in 2018. Each member attended at least 75% of the Audit Committee meetings held in 2018.

The Report of the Audit Committee is included in this Proxy Statement. In addition, the Board has adopted a written charter for the Audit Committee, which is available on the Company's Investor Relations website at <https://www.netflixinvestor.com/governance/governance-docs>.

Nominating and Governance Committee

The Nominating and Governance Committee of the Board consists of three non-employee directors, Messrs. Hoag (Chair) and Smith and Ambassador Rice, each of whom is independent under the listing standards of the NASDAQ Stock Market. In December 2018, Ambassador Rice replaced Mr. Barton on the Committee. The Nominating and Governance Committee reviews and approves candidates for election and to fill vacancies on the Board, including re-nominations of members whose terms are due to expire, and reviews and provides guidance to the Board on corporate governance matters. The Nominating and Governance Committee met two times in 2018 and all the meetings were attended by all members, except for Ambassador Rice, who was not a member of the Nominating and Governance Committee at the time of the meetings in 2018.

The Board has adopted a written charter for the Nominating and Governance Committee, which is available on the Company's Investor Relations website at <https://www.netflixinvestor.com/governance/governance-docs>.

Compensation Committee Interlocks and Insider Participation

None of the Company's executive officers serves on the board of directors or compensation committee of a company that has an executive officer that serves on the Company's Board or Compensation Committee. No member of the Company's Board is an executive officer of a company in which one of the Company's executive officers serves as a member of the board of directors or compensation committee of that company.

The Compensation Committee consists of Messrs. Belmer, Haley, and Hoag and Ms. Sweeney, none of whom is currently or was formerly an officer or employee of the Company. None of Messrs. Belmer, Haley, or Hoag or Ms. Sweeney had a relationship with the Company that required disclosure under Item 404 of Regulation S-K. In addition to Messrs. Belmer, Haley, and Hoag and Ms. Sweeney, the Company's Chief Executive Officer and Chief Talent Officer participated in the executive compensation process as described below in the section entitled "Compensation Discussion and Analysis."

Director Independence

The Board has determined that each of Messrs. Barton, Belmer, Döpfner, Haley, Hoag and Smith, and Meses. Kilgore, Mather, Rice and Sweeney are independent under the applicable rules of the SEC and the listing standards of the NASDAQ Stock Market; therefore, every member of the Audit Committee, Compensation Committee and Nominating and Governance Committee is an independent director in accordance with those standards. See "Procedures for Approval of Related Party Transactions" in this Proxy Statement for more information.

Consideration of Director Nominees

Stockholder Nominees

The Nominating and Governance Committee considers properly submitted stockholder nominations for candidates for membership on the Board as described below under "Identifying and Evaluating Nominees for Directors." Any stockholder nominations proposed for consideration by the Nominating and Governance Committee should include the nominee's name and qualifications for Board membership. In addition, they should be submitted within the time frame as specified under "Stockholder Proposals" above and mailed to: Netflix, Inc., 100 Winchester Circle, Los Gatos, California 95032, Attention: Secretary.

Our bylaws provide a proxy access right for stockholders, pursuant to which a stockholder, or a group of up to 20 stockholders, owning at least three percent of outstanding shares of our common stock continuously for at least three years, may nominate and include in our annual meeting proxy materials director nominees constituting up to the greater of (a) two directors or (b) twenty percent of the Board, subject to certain limitations and provided that the stockholders and nominees satisfy the requirements specified in our bylaws.

Director Qualifications

In discharging its responsibilities to nominate candidates for election to the Board, the Nominating and Governance Committee has not specified any minimum qualifications for serving on the Board. However, the Nominating and Governance Committee endeavors to evaluate, propose and approve candidates with business experience, diversity as well as personal skills and knowledge with respect to technology, finance, marketing, financial reporting and any other areas that may be expected to contribute to an effective Board. With respect to diversity, the committee may consider such factors as differences in viewpoint, professional experience, education, international experience, skills and other individual qualifications and attributes that contribute to board heterogeneity, including characteristics such as gender, race and national origin.

Identifying and Evaluating Nominees for Directors

The Nominating and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Candidates may come to the attention of the Nominating and Governance Committee through management, current Board members, stockholders or other persons. These candidates are evaluated at meetings of the Nominating and Governance Committee as necessary and discussed by the members of the Nominating and Governance Committee from time to time. Candidates may be considered at any point during the year. As described above, the Nominating and Governance Committee considers properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating and Governance Committee. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Governance Committee. The Nominating and Governance Committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a stockholder.

Our Board Evaluation Process

Each year, our Board conducts a self-evaluation process to help assure and enhance its performance. This process is overseen by the Nominating and Governance Committee, and involves interviews of each director by our General Counsel. Feedback is sought primarily in the following areas: (a) the Board's effectiveness, structure, culture and composition, (b) the quality of and access to information shared with the Board about the Company's business and (c) performance of individual directors and quality of Board discussions.

Communications with the Board

The Company provides a process for stockholders to send communications to the Board. Information regarding stockholder communications with the Board can be found on the Company's Investor Relations website at <https://www.netflixinvestor.com/governance/governance-docs>.

Policy Regarding Director Attendance at the Annual Meeting

The Company's policy regarding directors' attendance at the annual meetings of stockholders and their attendance record at last year's annual meeting of stockholders can be found on the Company's Investor Relations website at <https://www.netflixinvestor.com/governance/governance-docs>.

The Role of the Board in Risk Oversight

The Board's role in the Company's risk oversight process includes reviewing and discussing with members of management areas of material risk to the Company, including strategic, operational, financial and legal risks. The Board as a whole primarily deals with matters related to strategic and

operational risk. The Audit Committee deals with matters of financial and legal risk, including cybersecurity risk. The Compensation Committee addresses risks related to compensation and other talent-related matters. The Nominating and Governance Committee manages risks associated with Board independence and corporate governance. Committees report to the full Board regarding their respective considerations and actions.

The Board's Leadership Structure

The Board combines the role of Chairman and Chief Executive. While the Board reassesses maintaining the combined role from time to time, the Board believes that the Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry and is therefore best able to identify the strategic priorities to be discussed by the Board. The Board also believes that combining the role of Chairman and Chief Executive Officer facilitates information flow between management and the Board and fosters strategic development and execution. The Board has appointed Jay Hoag as its lead independent director. As lead independent director, Mr. Hoag's responsibilities include:

- coordinating the activities of the independent directors, and is authorized to call meetings of the independent directors;
- coordinating with the chief executive officer and corporate secretary to set the agenda for Board meetings, soliciting and taking into account suggestions from other members of the Board;
- chairing executive sessions of the independent directors;
- providing feedback and perspective to the chief executive officer about discussions among the independent directors;
- helping facilitate communication between the chief executive officer and the independent directors;
- presiding at Board meetings where the Chair is not present; and
- performing other duties assigned from time to time by the Board.

In addition, the Board maintains effective independent oversight through a number of governance practices, including, open and direct communication with management, input on meeting agendas, annual performance evaluations and regular executive sessions.

PROPOSAL TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Ernst & Young LLP (“Ernst & Young”), an independent registered public accounting firm, to audit the financial statements of Netflix, Inc. for the year ending December 31, 2019. The Company is submitting its selection of Ernst & Young for ratification by the stockholders at the Annual Meeting. A representative of Ernst & Young is expected to be present at the Annual Meeting, will have the opportunity to make a statement and is expected to be available to respond to appropriate questions. Ernst & Young has served as our independent registered public accounting firm since March 21, 2012. Neither applicable law nor the Company’s Bylaws require that stockholders ratify the selection of Ernst & Young as the Company’s independent registered public accounting firm. However, the Company is submitting the selection of Ernst & Young to stockholders for ratification as a matter of good corporate practice. If stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Ernst & Young. Even if the selection is ratified, the Audit Committee at its discretion may change the appointment at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Principal Accountant Fees and Services

During 2018 and 2017, fees for services provided by Ernst & Young were as follows (in thousands):

	2018	2017
Audit Fees	\$ 4,343	\$ 3,957
Tax Fees	1,858	1,275
Total	\$ 6,201	\$ 5,232

Audit Fees include amounts related to the audit of the Company’s annual financial statements and internal control over financial reporting, and quarterly review of the financial statements included in the Company’s Quarterly Reports on Form 10-Q. Audit fees also include amounts related to accounting consultations and services rendered in connection with the Company’s issuance of senior notes in 2018 and 2017, respectively, as well as fees for statutory audit filings.

Tax Fees include fees billed for tax compliance, tax advice and tax planning services.

There were no other fees billed by Ernst & Young for services rendered to the Company, other than the services described above, in 2018 and 2017.

The Audit Committee has determined that the rendering of non-audit services by Ernst & Young was compatible with maintaining their independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During 2018, services provided by Ernst & Young were pre-approved by the Audit Committee in accordance with this policy.

Required Vote

The affirmative vote of the majority of the Votes Cast is required for ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019. The vote is an advisory vote, and therefore not binding.

Netflix Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2019.

PROPOSAL THREE

ADVISORY APPROVAL OF EXECUTIVE OFFICER COMPENSATION

As required by section 14A of the Securities Exchange Act, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are providing our stockholders with the opportunity to cast a non-binding advisory vote on the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC (also referred to as “say-on-pay”).

As described in our Compensation Discussion and Analysis, we have adopted an executive compensation philosophy designed to attract and retain outstanding performers. The Company’s compensation practices are guided by market rates and tailored to account for the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual employee, rather than by seniority or overall Company performance.

Required Vote

The affirmative vote of the majority of the Votes Cast is required to approve the compensation of our named executive officers disclosed in this Proxy Statement. The vote is an advisory vote, and therefore not binding.

Netflix Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” APPROVAL OF OUR EXECUTIVE OFFICER COMPENSATION DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL FOUR STOCKHOLDER PROPOSAL FOR POLITICAL DISCLOSURE

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent, for which we and our Board accept no responsibility. The stockholder proposal is required to be voted upon at our Annual Meeting only if properly presented at our Annual Meeting. As explained below, our Board unanimously recommends that you vote “AGAINST” the stockholder proposal.

Myra K. Young, 9295 Yorkship Court, Elk Grove, CA 95758, the beneficial owner of no less than 700 shares of the Company’s common stock on the date the proposal was submitted, has notified the Company of her intent to present the following proposal at the Annual Meeting.

RESOLVED, that the shareholders of Netflix Inc. (“Netflix” or “Company”) hereby request that the Company provide a report, updated semiannually, disclosing the Company’s:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - The identity of the recipient as well as the amount paid to each; and
 - The title(s) of the person(s) in the Company responsible for decision-making.

The report shall be presented to the board of directors or relevant board committee and posted on the Company’s website within 12 months from the date of the annual meeting. This proposal does not encompass lobbying spending.

Supporting Statement

As long-term shareholders of Netflix, we support transparency and accountability in corporate electoral spending. This includes any activity considered intervention in a political campaign under the Internal Revenue Code, such as direct and indirect contributions to political candidates, parties, or organizations, and independent expenditures or electioneering communications on behalf of federal, state, or local candidates.

Disclosure is in the best interest of the company and its shareholders. The Supreme Court recognized this in its 2010 Citizens United decision, which said, “Disclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages.”

Publicly available records show Netflix has contributed at least \$30,000 in corporate funds since the 2010 election cycle (*CQMoneyline*: <http://moneyline.cq.com>; *National Institute on Money in State Politics*: <http://www.followthemoney.org>).

However, relying on publicly available data does not provide a complete picture of the Company’s electoral spending. For example, the Company’s payments to trade associations that may be used for

election-related activities are undisclosed and unknown. This proposal asks the Company to disclose all of its electoral spending, including payments to trade associations and other tax-exempt organizations, which may be used for electoral purposes. This would bring our Company in line with a growing number of leading companies, including salesforce.com Inc., Alphabet Inc., and Microsoft Corp., which present this information on their websites.

The Company's Board and shareholders need comprehensive disclosure to fully evaluate the use of corporate assets in elections. We urge your support for this critical governance reform.

Please vote for: Political Disclosure - Proposal 4

Netflix Opposing Statement

The Board has considered the stockholder proposal and, for the reasons described below, believes that the proposal is not in the best interests of Netflix and our stockholders.

Political contributions are already publicly disclosed. Indeed, federal and all 50 state election laws require either the contributor or the recipient campaign or committee to publicly file reports disclosing such contributions. As for other political organizations that are not subject to these election laws, they are required to publicly disclose to the IRS the contributions they receive. The IRS in turn makes those disclosures available on its website. Groups, such as those cited by the proponent (i.e., CQMoneyLine and the National Institute on Money in State Politics) aggregate these disclosures made to the various jurisdictions and post them on their easily searchable public websites, making the search by interested shareholders that much more convenient.

The Proposal's accompanying supporting statement also suggests that the proponent is concerned about trade association or 501(c)(4) non-profit payments, which could be used for electoral purposes. The Internal Revenue Code prohibits these entities from having political activities as their primary purpose. Rather, trade association memberships provide significant benefits to the Corporation by giving it access to business, technical and industry expertise and by advancing Netflix's commercial interests. Trade associations are independent organizations representing a variety of members, and may take political or policy positions we do not share. Requiring Netflix to disclose payments to trade associations gives the false appearance that the trade associations' political activities, if any, are attributable to the us.

For the foregoing reasons, the Board unanimously believes that this proposal is not in the best interests of Netflix or our stockholders, and recommends that you vote "AGAINST" Proposal Four.

Required Vote

The affirmative vote of the majority of the Votes Cast is required to approve the stockholder proposal. The proposal is precatory and, accordingly, is not binding on the Board or the Company.

Netflix Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "AGAINST" THE STOCKHOLDER PROPOSAL REGARDING POLITICAL DISCLOSURE.

PROPOSAL FIVE STOCKHOLDER PROPOSAL FOR SIMPLE MAJORITY VOTE

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent, for which we and our Board accept no responsibility. The stockholder proposal is required to be voted upon at our Annual Meeting only if properly presented at our Annual Meeting. As explained below, our Board unanimously recommends that you vote "AGAINST" the stockholder proposal.

John Chevedden, 2215 Nelson Ave., No. 205, Redondo Beach, CA: 90278, the beneficial owner of 50 shares of the Company's common stock on the date the proposal was submitted, has notified the Company of his intent to present the following proposal at the Annual Meeting.

RESOLVED, Shareholders request that our board take each step necessary so that each voting requirement in our charter and bylaws (that is explicit or implicit due to default to state law) that calls for a greater than simple majority vote be eliminated, and replaced by a requirement for a majority of the votes cast for and against applicable proposals, or a simple majority in compliance with applicable laws. If necessary this means the closest standard to a majority of the votes cast for and against such proposals consistent with applicable laws.

Supporting Statement

Shareholders are willing to pay a premium for shares of companies that have excellent corporate governance. Supermajority voting requirements have been found to be one of 6 entrenching mechanisms that are negatively related to company performance according to "What Matters in Corporate Governance" by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School. Supermajority requirements are used to block initiatives supported by most shareowners but opposed by a status quo management.

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy, McGraw-Hill and Macy's. The proponents of these proposals included Ray T. Chevedden and William Steiner.

This proposal won more than 70% support 4-times at Netflix since 2011:

2016-82%
2015-80%
2013-81%
2011-72%

But our governance committee has not yet put this proposal topic on the ballot as a binding Netflix proposal. Shareholders were not happy and gave governance committee Chairman Jay Hoag a negative vote of 48% in 2018 while he was running unopposed. Richard Barton and Bradford Smith were also on the governance committee.

Currently a 1%-minority can frustrate the will of our 66%-shareholder majority in an election with 67% of shares casting ballots. In other words a 1%-minority could have the power to prevent shareholders

from improving the governing rules of our company. This can be particularly important during periods of management underperformance and/or an economic downturn. Currently the role of shareholders is downsized because management can tell shareholders to get lost in response to a 66% shareholder vote on certain important issues.

Please vote yes: Simple Majority Vote-Proposal [5]

Netflix Opposing Statement

The Board has considered the stockholder proposal and, for the reasons described below, believes that the proposal is not in the best interests of Netflix and our stockholders.

The Board believes that this stockholder proposal seeking to adopt a simple majority vote in all cases requiring more than a simple majority would not be in the best interests of the Company and its stockholders. A simple majority vote requirement already applies to most corporate matters submitted to a vote of the Company's stockholders. The Company's Restated Certificate of Incorporation and Bylaws do, however, require a 66 2/3% "supermajority" vote for certain fundamental changes to the corporate governance posture of the Company, including the procedures for calling stockholder meetings, nominating directors for election, altering the size of the Board and removing directors. The supermajority voting requirements were adopted by our stockholders and were intended to preserve and maximize the value of the Company for all stockholders and to provide protection for all stockholders against self-interested actions by one or a few large stockholders. The Board continues to believe these requirements are appropriate and in the best interest of all stockholders; therefore, the Board opposes this stockholder proposal.

For the foregoing reasons, the Board unanimously believes that this proposal is not in the best interests of Netflix or our stockholders, and recommends that you vote "AGAINST" Proposal Five.

Required Vote

The affirmative vote of the majority of the Votes Cast is required to approve the stockholder proposal. The proposal is precatory and accordingly, is not binding on the Board or the Company.

Netflix Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "AGAINST" THE STOCKHOLDER PROPOSAL FOR SIMPLE MAJORITY VOTE.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information known to the Company with respect to beneficial ownership of our common stock as of April 8, 2019 by (i) each stockholder that the Company knows is the beneficial owner of more than 5% of our common stock, (ii) each director and nominee for director, (iii) each of the executive officers named in the “Summary Executive Compensation” table, which we refer to as the Named Executive Officers, and (iv) all executive officers and directors as a group. The Company has relied upon information provided to the Company by its directors and Named Executive Officers and copies of documents sent to the Company that have been filed with the SEC by others for purposes of determining the number of shares each person beneficially owns. Beneficial ownership is determined in accordance with the rules and regulations of the SEC and generally includes those persons who have voting or investment power with respect to the securities. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of the Company’s common stock beneficially owned by them. Shares of the Company’s common stock subject to options that are currently exercisable or exercisable within 60 days of April 8, 2019 are also deemed outstanding for purposes of calculating the percentage ownership of that person, and if applicable, the percentage ownership of the executive officers and directors as a group, but are not treated as outstanding for the purpose of calculating the percentage ownership of any other person. Unless otherwise indicated, the address for each stockholder listed in the table below is c/o Netflix, Inc., 100 Winchester Circle, Los Gatos, CA 95032.

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The Company's compensation philosophy is premised on the Company's desire to attract and retain outstanding performers. As such, the Company aims to provide highly competitive compensation packages for all its key positions, including its Named Executive Officers. The Company's compensation practices are guided by market rates and tailored to account for the specific needs and responsibilities of the particular position as well as the performance and unique qualifications of the individual employee, rather than by seniority or overall Company performance. Individual compensation is nonetheless linked to Company performance by virtue of the stock options granted by the Company.

Determining Executive Compensation

This Compensation Discussion and Analysis describes the compensation programs for the Company's Named Executive Officers. During 2018, these individuals were:

- Reed Hastings, Chief Executive Officer
- David Wells, former Chief Financial Officer
- Greg Peters, Chief Product Officer
- Ted Sarandos, Chief Content Officer
- Kelly Bennett, Chief Marketing Officer

Mr. Wells's employment with the Company ended on January 18, 2019. On March 7, 2019, the Company announced that Mr. Bennett intends to resign as Chief Marketing Officer pending the appointment of his replacement.

In 2018, the Company's compensation program for Named Executive Officers centered around two components: salary and stock options. The compensation associated with each of these components was expressed in a dollar-denominated amount and was allocated among these components, as described below.

In determining the compensation for its Named Executive Officers, the Compensation Committee (A) reviews and considers the performance of each Named Executive Officer and (B) considers, for each Named Executive Officer, the estimated amount of compensation:

- (i) the Company would be willing to pay to retain that person;
- (ii) the Company would have to pay to replace the person; and
- (iii) the individual could otherwise command in the employment marketplace.

The Chief Executive Officer, in consultation with the Chief Talent Officer, reviews comparative data derived from market research and publicly available information for each of the Named Executive Officers. The Chief Executive Officer then makes recommendations to the Compensation Committee

regarding compensation for each Named Executive Officer. The Compensation Committee reviews and discusses the information and then determines a dollar-denominated amount available for allocation to the compensation components described above (“allocatable compensation”) for each Named Executive Officer, as it deems appropriate.

The Chief Executive Officer’s compensation is determined by the Compensation Committee outside the presence of the Chief Executive Officer. The Committee’s decision regarding compensation for the Chief Executive Officer is based on the philosophy outlined above and includes a review of comparative data and consideration of the accomplishments of the Chief Executive Officer in developing the business strategy for the Company, the performance of the Company relative to this strategy and his ability to attract and retain senior management. In establishing the Chief Executive Officer’s compensation, the Compensation Committee is also mindful of the results of the stockholder’s Advisory Vote on Executive Compensation for the prior year.

In determining compensation for 2018, the Compensation Committee retained Compensia, a management consulting firm providing executive compensation advisory services, to help the Committee assess the competitiveness of the Chief Executive Officer’s compensation, obtain a general understanding of chief executive compensation practices in the marketplace, and as a resource for its deliberations concerning the Chief Executive Officer’s specific compensation. The Compensation Committee did not use the information from Compensia, however, with the goal of setting a specific target compensation level based upon percentiles derived from such other companies. In 2017 and 2018, the Compensation Committee worked with Compensia in determining an appropriate peer group of companies. There were minimal changes in the peer group from 2017 to 2018, with DISH replacing Dolby to reflect the Company’s continued orientation toward media companies and consumer-facing technology companies. The peer group for 2018 was comprised of the following companies: Activision Blizzard, Adobe Systems, AMC Networks, CBS, Discovery Communications, DISH Network, eBay, Electronic Arts, Lions Gate Entertainment, PayPal Holdings, salesforce.com, Scripps Networks Interactive, Sirius XM Holdings, The Priceline Group, Time Warner, Twenty-first Century Fox, Twitter, Viacom, Walt Disney and Workday. The peer group for 2017 was comprised of the following companies: Activision Blizzard, Adobe Systems, AMC Networks, CBS, Discovery Communications, Dolby Laboratories, eBay, Electronic Arts, Lions Gate Entertainment, PayPal Holdings, salesforce.com, Scripps Networks Interactive, Sirius XM Holdings, The Priceline Group, Time Warner, Twenty-first Century Fox, Twitter, Viacom, Walt Disney and Workday. Total fees paid to Compensia were less than \$120,000 in each year.

With respect to each of the Named Executive Officers, in determining compensation, the Compensation Committee considered the Company’s compensation philosophy as outlined above, comparative market data and specific factors relative to each Named Executive Officer’s responsibilities and performance. The Company does not specifically benchmark compensation for its Named Executive Officers in terms of picking a particular percentile relative to other people with similar titles at peer group companies. The Company believes that many subjective factors unique to each Named Executive Officer’s responsibilities and performance are not adequately reflected or otherwise accounted for in a percentile-based compensation determination.

In determining Mr. Sarandos’s 2018 compensation, the Committee considered his role in obtaining globally relevant content for the Company’s international expansion, his significant contributions to the Company’s original content strategy and buildout of the infrastructure to support that strategy, and the market demand for high-level content programming talent. In determining Mr. Wells’s 2018 compensation, the Committee considered his performance in managing the finance organization as the

Company's business continues to evolve and grow internationally. In determining Mr. Peters's 2018 compensation, the Committee considered his responsibility for the development and deployment of the Company's increasing engineering systems and product offerings across the globe and in multiple languages, as well as the continued market demand for engineering talent, and increased his compensation accordingly. In determining Mr. Bennett's 2018 compensation, the Committee considered his responsibilities for managing a global marketing team tasked with promoting the Company and its content slate, and in particular its original content, around the world.

The Company's compensation practices are evaluated on an ongoing basis to determine whether they are appropriate to attract, retain and reward outstanding performers. Such evaluations may result in refinements to the compensation program, including changes in how compensation is determined and awarded. Individual employee performance, including that of our Named Executive Officers, is also evaluated on an ongoing basis. To the extent such performance exceeds or falls short of the Company's performance values, the Company may take action that includes, in the case of star performers, promotions or increases in compensation or, in the case of under performers, demotion, a reduction in compensation or termination.

Elements of Executive Compensation

For 2018, after determining the allocatable compensation for each Named Executive Officer by the method described above, such amount for each individual was divided into the two key components of salary and stock options. This allocation was made pursuant to the compensation preferences of each Named Executive Officer, who allocated compensation between cash and stock options.

The amount allocated to stock options is referred to as the stock option allocation. The Company also provides a minimum annual stock option allowance (equal to 5% of the Named Executive Officer's allocatable compensation) which is added to the amount allocated to stock options by the Named Executive Officer in the manner described above. While the stock option allocation is expressed in a dollar denomination, the stock option allocation is used by the Company only to calculate the number of stock options to be granted in the manner described below. The stock option allocation is not available to the employees as cash compensation, except where an employee who has allocated a portion of their compensation toward stock options receives severance payments and as otherwise set forth in the Executive Severance and Retention Incentive Plan described below.

After the stock option allocation is established, the Named Executive Officers receive monthly option grants pursuant to the Company's monthly option grant program. Under this program, the Named Executive Officers receive, on the first trading day of the month, fully vested options granted at fair market value as reflected by the closing price on the date of the option grant. The number of stock options to be granted monthly will fluctuate based on the fair market value on the date of the option grant. The actual number of options granted to the Named Executive Officers was determined by the following formula: the monthly dollar amount of the stock option allocation / ([fair market value on the date of option grant] * 0.40). For stock option accounting purposes, the dollar value of stock options granted by the Company, as reflected in the Summary Executive Compensation table, below, are appreciably higher than the dollar value of the stock option allocation (please compare "Summary Executive Compensation" table provided in this Proxy Statement with the table below). Furthermore, because the stock options are granted at fair market value on the date of the option grant and are not generally transferable, they are only of value to the recipient through an increase in the market value of

the Company's common stock, thereby linking that element of compensation to Company performance.

As shown in the table below, the Company's Named Executive Officers elected to receive a significant portion of their compensation in the form of stock options. The Company believes that equity ownership, including stock and stock options, helps align the interest of the Named Executive Officers with those of the Company's stockholders and is a good mechanism to link executive compensation to long-term company performance.

In 2017 and 2018, the compensation components for the Named Executive Officers were allocated as follows (please see the "Summary Executive Compensation" table provided in this Proxy Statement for a complete description of the compensation of the Named Executive Officers in 2017 and 2018):

<u>Name and Position</u>	<u>2017 Annual Salary</u>	<u>2017 Annual Stock Option Allocation</u>	<u>2017 Monthly Stock Option Allocation</u>	<u>2017 Estimated Target Bonus</u>
Reed Hastings Chief Executive Officer and Chairman of the Board	\$ 850,000	\$ 21,200,000	\$ 1,766,667	\$ —
Greg Peters Chief Product Officer (allocation effective Jan 1, 2017, annualized)	1,000,000	3,275,000	272,917	1,500,000
Greg Peters (modified allocation effective July 1, 2017, annualized)	1,000,000	3,400,000	283,333	4,000,000
Ted Sarandos Chief Content Officer	1,000,000	11,000,000	916,667	9,000,000
David Wells former Chief Financial Officer	2,500,000	1,910,000	159,167	—

<u>Name and Position</u>	<u>2018 Annual Salary</u>	<u>2018 Annual Stock Option Allocation</u>	<u>2018 Monthly Stock Option Allocation</u>
Kelly Bennett Chief Marketing Officer (allocation effective Jan 1, 2018, annualized)	\$ 4,400,000	\$ 850,000	\$ 70,833
Kelly Bennett Chief Marketing Officer (modified allocation effective July 16, 2018, annualized)	6,400,000	950,000	79,167
Reed Hastings Chief Executive Officer and Chairman of the Board	700,000	28,700,000	2,391,667
Greg Peters Chief Product Officer	6,000,000	6,600,000	550,000
Ted Sarandos Chief Content Officer	12,000,000	14,250,000	1,187,500
David Wells former Chief Financial Officer	2,800,000	2,450,000	204,167

From 2015 through 2017, the Committee determined that the maximum annual salary payable to any Named Executive Officer (excluding the Chief Financial Officer) would be \$1 million. Any portion of a Named Executive Officer's compensation over \$1 million that was not allocated to stock options was allocated to a target bonus to the Named Executive Officer pursuant to our Performance Bonus Plan (the "Plan"), which was approved by shareholders at our 2014 Annual Meeting. The Plan was intended to permit the Company to seek a full federal tax deduction for compensation paid under the Plan, compensation that otherwise might not have been fully tax deductible to the Company if paid as salary. For 2018, the Company did not offer performance-based bonuses and all cash compensation was paid as salary.

Vested stock options granted on or after January 1, 2007 can be exercised up to ten (10) years following grant regardless of employment status. The Company believes that this increase in the life of the options enhances the value of such options for each employee and thereby encourages equity ownership in the Company, which is helpful in aligning the interests of employees with that of the Company. The Company does not believe that staggered vesting of stock options or early expiration of options following termination has a material impact on retention. The Company believes that creating a high-performance culture and providing highly competitive compensation packages are the critical components for retaining employees, including its Named Executive Officers.

Across the broader employee base, the Company utilizes salary and stock options as its key compensation components in order to be competitive within the marketplace. Similarly situated companies typically offer employees an equity component as part of their overall compensation and as such, the Company believes it is important to provide this opportunity to its employees, including the Named Executive Officers. By permitting employees to request a customized combination of salary and stock options, the Company believes it is better able to take into consideration personal compensation preferences and thereby offer a more compelling compensation package. In addition, offering grants monthly provides employees with a "dollar-cost averaging" approach to the price of their option grants. Option grants made on an infrequent basis are more susceptible to the whims of market timing and fluctuations. By granting options each month, the Company believes it alleviates to a great extent the arbitrariness of option timing and the potential negative employee issues associated with "underwater" options.

Each Named Executive Officer, like all of the Company's employees, is eligible to receive an additional \$15,000 in annual compensation not reflected above that may be used to defray the cost of health care benefits previously paid by the Company. Any portion of this allowance not utilized toward the cost of health care benefits will be paid as salary, up to a maximum of \$5,000.

In addition to salary and stock options, all exempt employees, including Named Executive Officers, also have the opportunity to participate in the Company's 401(k) matching program which enables them to receive a dollar-for-dollar Company match of up to 3% of his or her compensation to the 401(k) fund. Mr. Bennett, Mr. Sarandos and Mr. Wells all participated in this program in 2018 and therefore the Company matched the 401(k) contributions as shown in the tables of this Proxy Statement.

The Company also maintains a group term life insurance policy for all full-time employees.

For the fiscal year ending December 31, 2019, the compensation components for the Named Executive Officers are being allocated as follows, based on the allocation method described above:

Name and Position	2019 Annual Salary	2019 Annual Stock Option Allocation	2019 Monthly Stock Option Allocation
Kelly Bennett Chief Marketing Officer	\$ 6,200,000	\$ 1,150,000	\$ 95,833
Reed Hastings Chief Executive Officer and Chairman of the Board	700,000	30,800,000	2,566,667
Spencer Neumann Chief Financial Officer	5,000,000	5,000,000	416,667
Greg Peters Chief Product Officer	10,000,000	6,800,000	566,667
Ted Sarandos Chief Content Officer	18,000,000	13,500,000	1,125,000

Termination-Based Compensation and Change in Control Retention Incentives

The Named Executive Officers are beneficiaries of the Company's Amended and Restated Executive Severance and Retention Incentive Plan ("Severance Plan"). Under this Severance Plan, each employee of the Company at the level of Vice President or higher ("Covered Executive") is entitled to a severance benefit upon termination of employment (other than for cause, death or permanent disability) so long as he or she signs a waiver and release of claims and an agreement not to disparage the Company, its directors or its officers in a form reasonably satisfactory to the Company. The severance benefit consists of a lump sum cash payment equal to nine (9) months of allocatable compensation, or, for newly hired Covered Executives only, a cash payment equal to 24 months of allocatable compensation, which is reduced by an amount equal to one (1) month of allocatable compensation for each month of tenure at the Company for the first 15 months of continuous employment following hire by the Company, such that the minimum benefit for such newly hired Covered Executives is the cash equivalent of nine (9) months of allocatable compensation. The right to receive a severance benefit terminates upon a change in control transaction, so that the Covered Executives under the Severance Plan are not entitled to both a change in control benefit as well as a severance benefit.

In lieu of the severance benefit described above, the Severance Plan provides that employees covered by the Severance Plan who are employed by the Company on the date of a change in control transaction are entitled to receive a lump sum cash payment equal to twelve (12) months of allocatable compensation regardless of whether their employment terminates.

The Company also maintains a plan for its director level employees (the "Director Plan") that provides those employees who are employed by the Company on the date of a change in control transaction with a lump sum cash payment equal to six (6) months of allocatable compensation, regardless of whether their employment terminates. While director level employees are not guaranteed any severance upon termination of employment, to the extent any severance is provided to a director level employee, payment associated with the change in control will be in lieu of or otherwise offset against any such severance payment.

The Company believes that it is appropriate to make such payment upon the single-trigger event of a change in control in order to reduce distractions associated with the uncertainty surrounding change in control transactions and to reduce potential conflicts that might otherwise arise when a Company executive must rely on the decisions of the acquiring company for either continued employment or severance.

The benefits owing under the Severance Plan or Director Plan are to be paid to an individual covered under the applicable plan by the Company as soon as administratively practicable following the completion of all conditions to the payment, but in no event more than two and one half months following the date of the triggering event. The Company believes that benefits under the Company's Amended and Restated Executive Severance and Retention Incentive Plan are consistent with similar benefits offered to executive officers of similarly situated companies and moreover, the Plan is an important element in advancing the Company's overall compensation philosophy of attracting and retaining outstanding performers. Each of the terms "base pay," "cause" and "change in control" are defined in the plan, a copy of which is attached as Exhibit 10.14 to the Company's Form 10-Q filed on July 19, 2017.

Tax Considerations

Section 162(m) of the Internal Revenue Code was among the provisions that were amended pursuant to The Tax Cuts and Jobs Act (the "Tax Act"), which was signed into law on December 22, 2017. The prior version of Section 162(m) generally disallowed a tax deduction for compensation that we paid to our Chief Executive Officer or any of the next three most highly compensated executive officers (excluding the Chief Financial Officer) to the extent that the compensation for any such individual exceeded \$1 million in any taxable year. However, this deduction limitation did not apply to compensation that was "performance-based" under Section 162(m). The Tax Act amended Section 162(m) to eliminate the exception for performance-based compensation. As a result, effective for our 2018 fiscal year and thereafter, the maximum U.S. federal income tax deduction that we may receive for annual compensation paid to any officer covered by Section 162(m) will be \$1 million per officer. The Tax Act also expanded the individuals covered by Section 162(m) to include our Chief Financial Officer and certain of our former officers. Separately, the Tax Act included a transition rule with respect to compensation that is provided pursuant to a written binding contract in effect on November 2, 2017 and not materially modified after that date. The Company continued to grant stock options in 2018, although such grants will not be deductible to the extent the total compensation for each officer subject to the rules of Section 162(m) exceeds \$1 million in the year in which the stock options are exercised. Pursuant to the transition rule, stock option grants that were granted prior to 2018 will generally still be eligible for the prior rules under Section 162(m) and will be deductible to the extent they qualify as performance-based compensation under Section 162(m). The Committee considers the tax impact of the Company's compensation programs, and will generally seek to preserve the deductibility of any performance-based compensation that is subject to the transition rule of the Tax Act, to the extent practicable and in the best interests of the Company and its stockholders. However, the Committee reserves the right to pay compensation that is not tax deductible.

The Committee's Consideration of the 2018 Nonbinding Advisory Vote to Approve the Compensation of our Named Executive Officers

In 2018, 61% of the shares voted approved the compensation of our Named Executive Officers. At the time of the 2018 vote, the Committee had already approved the design and goals of our executive compensation program for 2018. The Committee reviewed these voting results, which while lower than prior years, affirmed support of the Company's approach to executive compensation.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on the review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

The dollar amounts set forth in the Option Awards column are different than the stock option allocation amounts described in the section above entitled "Compensation Discussion and Analysis" because the stock option allocation amounts are reflective of the total compensation amount attributable to stock option grants, not the accounting valuation. Grants of Plan-Based Awards

The following table sets forth information concerning grants of awards made to the Named Executive Officers during 2018. As described above in “Compensation Discussion and Analysis,” the Company grants employees, including the Named Executive Officers, fully vested stock options on a monthly basis. These stock options can generally be exercised up to 10 years following the date of grant, regardless of employment status. These are the only equity awards made to the Named Executive Officers. The material terms of these stock option grants, including the formula for determining the number of stock options to be granted, are set forth above in “Compensation Discussion and Analysis.”

Option Exercises

The following table sets forth information concerning each exercise of stock options during 2018 for each of the Named Executive Officers on an aggregated basis.

Name	Option Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise (\$) ⁽¹⁾
Kelly Bennett	14,000	\$ 3,364,854
Reed Hastings	956,242	300,862,700

Ted Sarandos	275,138	47,443,271
David Wells	29,008	9,208,496

(1) Dollar value realized on exercise equals the difference between the closing price on the date of exercise less the exercise price of the option and does not necessarily reflect the sales price of the shares or if a sale was made.

Potential Payments upon Termination or Change-in-Control

The Named Executive Officers are beneficiaries of the Company's Amended and Restated Executive Severance and Retention Incentive Plan, as described in more detail above in "Compensation Discussion and Analysis." The information below reflects the estimated value of the compensation to be paid by the Company to each of the Named Executive Officers in the event of termination or a change in control under the terms of the Amended and Restated Executive Severance and Retention Incentive Plan. The amounts shown below assume that termination or change in control was effective as of December 31, 2018 and is based on 2019 compensation amounts, which went into effect prior to the end of our fiscal year. The actual amounts that would be paid can only be determined at the time of the actual triggering event. The right to receive a severance benefit terminates upon a change in control transaction, so that the beneficiaries of the plan are not entitled to both a change in control benefit and a severance benefit.

Name	Severance Benefit	Change in Control Benefit
Kelly Bennett	\$ 5,250,000	\$ 7,000,000
Reed Hastings	22,500,000	30,000,000
Greg Peters	12,000,000	16,000,000
Ted Sarandos	22,500,000	30,000,000
David Wells	4,500,000	6,000,000

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Hastings, our CEO. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

As disclosed in the Summary Compensation Table, the 2018 annual total compensation as determined under Item 402 of Regulation S-K for our CEO was \$36,080,417. The 2018 annual total compensation as determined under Item 402 of Regulation S-K for our median employee was \$202,335. Based on the foregoing, our estimate of the ratio of our CEO's annual total compensation to our median employee's annual total compensation for fiscal year 2018 is 178 to 1. Given the different methodologies that various public companies will use to determine an estimate of their pay ratios, the estimated ratio reported above should not be used as a basis for comparison between companies.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of the "median employee," the methodology and the material assumptions, adjustments, and estimates that we used were as follows:

We determined that, as of December 31, 2018, our global employee population consisted of 6,789 employees, which excludes workers employed through unaffiliated third parties for which we do not set compensation. We annualized the compensation of all full-time and part-time employees who were not employed by us for all of 2018.

We selected December 31, 2018, which is within the last three months of 2018, as the date upon which we would identify the "median employee".

Consistent with the summary executive compensation table, we examined total annual compensation for all employees, which included: base salary, incentive compensation plan payments, option awards consisting of stock options, and other compensation such as 401(k) matching contributions.

For employees outside the United States, we converted their compensation to U.S. dollars using the applicable average exchange rate for 2018.

Compensation of Directors

Since 2015, none of the Company's directors receive cash for services they provide as directors or members of Board committees but may be reimbursed for their reasonable expenses for attending Board and Board committee meetings. Each non-employee director receives stock options pursuant to the Director Equity Compensation Plan. The Director Equity Compensation Plan provides for a monthly grant of stock options to each non-employee director of the Company in consideration for services provided to the Company and subject to the terms and conditions of the Company's 2011 Stock Plan.

The actual number of options granted each month to each of the Company's directors is determined by the following formula: $\$25,000 / ([\text{fair market value on the date of grant}] \times 0.40)$. Each monthly grant is made on the first trading day of the month, is fully vested upon grant and is exercisable at a strike price

equal to the fair market value on the date of grant. These options can generally be exercised up to 10 years following the date of grant. The following table sets forth information concerning the compensation of the Company's non-employee directors during 2018.

The Compensation Committee periodically reviews our compensation program for non-employee directors. In September 2018, Compensia conducted a competitive analysis of our non-employee director compensation against the non-employee director compensation paid by the companies that comprise the same executive compensation peer group used by the Compensation Committee in connection with its review of CEO compensation (as described in the "Compensation Discussion and Analysis" section above). Based on the Compensation Committee's review of that analysis, the Compensation Committee determined that the Company's current compensation program for non-employee directors is appropriate and no changes were made at that time to the compensation paid to our non-employee directors.

Compensation Risk

The Company's compensation policies for non-executive salaried employees are the same as those outlined for its Named Executive Officers. Given the design of our compensation structure, as detailed in the foregoing Compensation Discussion and Analysis, we do not believe that our compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

Code of Ethics

The Company has adopted a Code of Ethics for its directors, officers and other employees. A copy of the Code of Ethics is available on the Company's Investor Relations website at <http://www.netflixinvestor.com/governance/governance-docs>. Any waivers of the Code of Ethics will be posted at that website.

Section 16(a) Beneficial Ownership Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of the Company's common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by the SEC rules to furnish the Company with copies of all Forms 3, 4 and 5 they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during fiscal year 2018 all of the Section 16(a) filing requirements applicable to the Company's officers, directors and greater than 10% stockholders were followed in a timely manner.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee engages and supervises the Company's independent registered public accounting firm and oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the preparation of financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2018 with management, including a discussion of the quality of the accounting principles, the reasonableness of significant judgments made by management and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Ernst & Young LLP ("EY"), the Company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States of America, its judgments as to the quality of the Company's accounting principles and the other matters required to be discussed with the Audit Committee under the auditing standards generally accepted in the United States of America, including the matters required by Auditing Standard No. 1301, *Communications with Audit Committees*, issued by the Public Company Accounting Oversight Board ("PCAOB"). In addition, the Audit Committee has discussed with EY its independence from management and the Company, including the written disclosures and the letter regarding its independence as required by PCAOB Rule 3526, *Communication with Audit Committees Concerning Independence*.

The Audit Committee also reviewed the fees paid to EY during the year ended December 31, 2018 for audit and non-audit services, which fees are described under the heading "Principal Accountant Fees and Services." The Audit Committee has determined that the rendering of all non-audit services by EY were compatible with maintaining its independence.

The Audit Committee discussed with EY the overall scope and plans for its audit. The Audit Committee met with EY, with and without management present, to discuss the results of its examinations, its evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2018, for filing with the Securities and Exchange Commission.
