

SB 657 STATEMENT

Calix, Inc. supports the goals of the California Transparency in Supply Chains Act of 2010 (“SB 657”)

The Calix Code of Business Conduct and Ethics (the “Code”) sets out the guidelines for conducting the business of Calix and its subsidiaries consistent with the highest standards of business ethics. The Code applies to all Calix directors, officers and employees, and requires that they comply with all laws, rules and regulations applicable to Calix’s operations. The Code also specifically underscores our commitment to providing equal opportunity and fair treatment to all individuals.

Calix is not itself a manufacturer, but works closely with third parties to manufacture and deliver our products. Our primary contract manufacturer (Flextronics International) is a member of the Electronic Industry Citizenship Coalition (“EICC”). Calix supports the values and philosophies reflected in the EICC Code of Conduct, which we believe to be consistent with the principles of SB 657. However, at this time Calix is not conducting the activities outlined in 1714.43(c)(1-5) of SB 657.
