The meeting will be online only, and will be held for the following purposes:

2. To approve, on a non-binding, advisory basis, the compensation of our named executive officers ("NEOs");
3. To ratify the selection of Ernst & Young LLP as Calix's independent registered public accounting firm for the fiscal year ending December 31, 2013; and

We have elected to use the Internet as our primary means of providing our proxy materials to stockholders. Consequently, stockholders will not receive paper copies of our proxy materials, unless they specifically request them. We will send a Notice of Internet Availability of Proxy Materials ("Notice") on or about April 8, 2013 to our stockholders of record as of the close of business on March 28, 2013. We are also providing access to our proxy materials over the Internet beginning on or about April 8, 2013. Electronic delivery of our proxy materials will significantly reduce our printing and mailing costs, and the environmental impact of the proxy materials.

The Notice contains instructions for accessing the proxy materials, including the Proxy Statement and our annual report, and provides information on how stockholders may obtain paper copies free of charge. The Notice also provides the date and time of the virtual Annual Meeting; the matters to be acted upon at the meeting and the Board's recommendation with regard to each matter; and information on how to attend the virtual meeting and vote online.

You are cordially invited to attend the virtual Annual Meeting, but whether or not you expect to attend, to ensure that your vote is recorded, you should vote and submit your proxy over the Internet following the voting procedures described in the Notice. In addition, you can vote and submit your proxy online, or (if you have requested and received paper copies of proxy materials) over the phone or by signing, dating and returning the proxy card sent to you.

PROXY STATEMENT
FOR THE 2013 ANNUAL MEETING OF STOCKHOLDERS

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING
TO BE HELD ON MAY 22, 2013**

The Board of Directors of Calix, Inc. is soliciting your proxy to vote at the virtual Annual Meeting of Stockholders to be held on May 22, 2013, at 9:00 a.m. Pacific Daylight Time, and any adjournment or postponement of that meeting ("Annual Meeting"). The Annual Meeting will be held via live webcast at www.virtualshareholdermeeting.com/CALX.

We have elected to provide access to our proxy materials on the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials ("Notice") to our stockholders of record as of March 28, 2013 ("Record Date"), while brokers and other nominees who hold shares on behalf of beneficial owners will be sending their own similar notice. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice, or to request a printed set of the proxy materials. Instructions on how to request a printed copy by mail or email may be found in the Notice and on the website referred to in the Notice, including an option to request paper copies on an ongoing basis. On or about April 8, 2013, we are making this Proxy Statement available on the Internet and are mailing the Notice to all stockholders entitled to vote at the Annual Meeting. We intend to mail or email this Proxy Statement, together with a proxy card, to those stockholders entitled to vote at the Annual Meeting who have properly requested paper copies of such materials, within three business days of request.

The only voting securities of Calix, Inc. are shares of common stock, \$0.025 par value per share ("common stock"), of which there were 48,916,511 shares outstanding as of the Record Date (excluding any treasury shares). We need the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, present online or represented by proxy, to hold the Annual Meeting.

In this Proxy Statement, we refer to Calix, Inc. as the "Company," "Calix," "we" or "us" and the Board of Directors as the "Board". When we refer to Calix's fiscal year, we mean the twelve-month period ending December 31 of the stated year.

The Company's Annual Report to Stockholders, which contains consolidated financial statements for fiscal year 2012, accompanies this Proxy Statement if you have requested and received a copy of the proxy materials in the mail. Stockholders that received the Notice can access this Proxy Statement and the Annual Report to Stockholders at the website referred to in the Notice. You also may obtain a copy of Calix's Annual Report on Form 10-K for fiscal year 2012 that was filed with the Securities and Exchange Commission ("SEC"), without charge, by writing to our Investor Relations department at the above address. The Company's Annual Report on Form 10-K is also available in the "SEC Filings" section of our website at <http://investor-relations.calix.com/>, and at the SEC's web site at www.sec.gov.

THE PROXY PROCESS AND STOCKHOLDER VOTING

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on March 28, 2013 will be entitled to vote online at the Annual Meeting. At the close of business on the Record Date, there were 48,916,511 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on March 28, 2013, your shares were registered directly in your name with Calix's transfer agent, Computershare, Inc., then you are a stockholder of record. As a stockholder of record, you may vote online at the Annual Meeting or vote by proxy. Whether or not you plan to attend the virtual Annual Meeting, to ensure your vote is counted we urge you to vote by proxy on the Internet as instructed below, or (if you request and receive a proxy card by mail or email) over the phone or by signing, dating and returning the proxy card sent to you.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on March 28, 2013, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also welcome to attend the virtual Annual Meeting and to vote online.

What do I need in order to be able to attend the Annual Meeting online?

Calix will be hosting the Annual Meeting via live webcast. Any stockholder can attend the Annual Meeting live online at www.virtualshareholdermeeting.com/CALX. The webcast will start at 9:00 a.m. Pacific Daylight Time. Stockholders may vote and submit questions while attending the Annual Meeting online. You will need the control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials) in order to be able to enter the Annual Meeting. Instructions on how to attend and participate online are also posted online at www.virtualshareholdermeeting.com/CALX.

What am I being asked to vote on?

You are being asked to vote on:

- election of three Class III directors to hold office until our 2016 Annual Meeting of Stockholders (Proposal No. 1);
- approval on a non-binding, advisory basis of the compensation of Calix's named executive officers, or NEOs, as disclosed in this Proxy Statement under the compensation disclosure rules of the SEC (Proposal No. 2); and
- ratification of the selection by the audit committee of the Board of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 (Proposal No. 3).

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How does the Board recommend I vote on the Proposals?

The Board recommends that you vote:

- **FOR** each of the Class III director nominees;
- **FOR** approval, on a non-binding, advisory basis of the compensation of our NEOs; and
- **FOR** ratification of Ernst & Young LLP as our independent registered public accounting firm.

How do I vote?

You may vote online during the virtual Annual Meeting or via the Internet prior to the Annual Meeting, as described on the Notice of Internet Availability of Proxy Materials. In addition, if you have requested and received a paper copy of the proxy materials, you can vote over the phone or by signing, dating and returning the proxy card sent to you. To use a particular voting procedure, follow the instructions on the Notice of Internet Availability of Proxy Materials or the proxy card that you request and receive by mail or email.

For election of directors, you may either vote "For" the three nominees or you may "Withhold" your vote for all or for any nominee you specify. For any other matter to be voted on, you may vote "For" or "Against" or abstain from voting. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote online at the virtual Annual Meeting. Alternatively, you may vote by proxy over the Internet or, if you properly request and receive a proxy card by mail or email, over the phone or by signing, dating and returning the proxy card sent to you. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the Annual Meeting and vote online. In such case, your previously submitted proxy will be disregarded.

- To vote during the virtual Annual Meeting, login and follow the online instructions to cast your votes.
- To vote over the Internet prior to the Annual Meeting, follow the instructions provided on the Notice of Internet Availability of Proxy Materials.
- To vote by phone, call the toll free number found on the proxy card you request and receive by mail or email.
- To vote by mail, complete, sign and date the proxy card you request and receive by mail or email, and return it promptly. As long as your signed proxy card is received before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Complete and mail the voting instruction card to ensure that your vote is counted. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form. You may also vote online at the virtual Annual Meeting.

Who counts the votes?

Broadridge Financial Solutions, Inc, or Broadridge, has been engaged as our independent agent to tabulate stockholder votes. If you are a stockholder of record, and you choose to vote over the Internet (either prior to or during the Annual Meeting) or by phone, Broadridge will access and tabulate your vote electronically, and if you have requested and received proxy materials via mail or email and choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker (or its agent for tabulating votes of shares held in “street name”) returns one proxy card to Broadridge on behalf of all its clients.

What is the required vote and how are votes counted?

A majority of the outstanding shares of common stock must be present or represented by proxy at the Annual Meeting in order to have a quorum. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum.

With respect to Proposal No. 1, the election of directors, directors will be elected by a plurality of the votes cast, which means that the three nominees receiving the highest number of “For” votes will be elected. Abstentions and broker non-votes will have no effect with regard to this proposal, because approval of a percentage of shares present or outstanding is not required for this proposal.

With respect to all other Proposals, the affirmative vote of the holders of a majority in voting power of the shares of common stock present or by proxy and entitled to vote on the proposal is required for approval. Abstentions have the same effect as a vote against these proposals. Broker non-votes will have no effect on the outcome of these proposals.

Because your vote on Proposal No. 2 is advisory, it will not be binding on the Board, the compensation committee of the Board, or Calix. However, the Board will review the voting results and take them into consideration when making future decisions about executive compensation.

Brokers who hold shares for the accounts of their clients may vote such shares either as directed by their clients or in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. Members of the New York Stock Exchange or NYSE are permitted to vote their clients’ proxies in their own discretion as to certain “routine” proposals, such as the ratification of the appointment of Ernst & Young LLP. However, where a proposal is not “routine,” a broker who has received no instructions from its client generally does not have discretion to vote its clients’ uninstructed shares on that proposal. When a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, the missing votes are referred to as “broker non-votes.” Those shares would be considered present for purpose of determining whether or not a quorum is present, but would not be considered entitled to vote on the proposal. Those shares would not be taken into account in determining the outcome of the non-routine proposal.

Under NYSE rules, Proposals 1 and 2 are “non-routine” matters. Because brokers cannot vote “uninstructed” shares on behalf of their customers for “non-routine” matters, it is important that stockholders vote their shares.

Broadridge will separately count “For” and “Withhold” votes with respect to Proposal No. 1, “For” and “Against” votes and abstentions, with respect to Proposal No. 2, and “For” and “Against” votes, abstentions and broker non-votes with respect to Proposal No. 3.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 28, 2013.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Under rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in that Notice or request to receive a printed set of the materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice of Internet Availability of Proxy Materials. In addition,

stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the Annual Meeting.

How do I vote via Internet or phone?

You may vote by proxy via the Internet by following the instructions provided on the Notice of Internet Availability of Proxy Materials. You may also vote by proxy over the phone by calling the toll free number found on the proxy card which will be sent to you by mail or email if you request. The Internet and phone voting facilities for eligible stockholders of record will close at 11:59 p.m. Eastern Time on May 21, 2013. Giving a telephonic or Internet proxy will not affect your right to vote online should you decide to attend the Annual Meeting.

What if I return a proxy card but do not make specific choices?

If you have properly requested and received a proxy card by mail or email, and we receive a signed and dated proxy card that does not specify how your shares are to be voted, your shares will be voted “For” the election of each of the three nominees for director, and “For” Proposal 2 and 3. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by phone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice of Internet Availability of Materials or one set of materials?

If you receive more than one Notice of Internet Availability of Materials or one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must follow the instructions for voting on the Internet on the Notice of Internet Availability of Proxy Materials or proxy cards you receive via mail or email upon your request, which include voting over the Internet, phone or by signing and returning any of the proxy cards you request and receive.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy with a later date.
- You may send a written notice that you are revoking your proxy to Calix’s Corporate Secretary at 1035 N. McDowell Boulevard, Petaluma, California 94954.
- You may attend the Annual Meeting and vote online. Simply logging into the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent, you should follow the instructions provided by them.

How will voting on any business not described in this Proxy Statement be conducted?

We are not aware of any business to be considered at the Annual Meeting other than the items described in this Proxy Statement. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

When are stockholder proposals due for next year’s Annual Meeting?

To be considered for inclusion in next year’s proxy materials, your proposal must be submitted in writing by December 9, 2013, to Calix’s Corporate Secretary at 1035 N. McDowell Boulevard, Petaluma, California 94954. If you wish to submit a proposal that is not to be included in next year’s proxy materials under the SEC’s shareholder proposal procedures or nominate a director, you must do so between January 22, 2014 and February 21, 2014; provided that if the date of the annual meeting is earlier than April 22, 2014 or later than July 21, 2014, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present online or represented by proxy at the Annual Meeting. On the Record Date, there were 48,916,511 shares outstanding and entitled to vote. Accordingly, 24,458,256 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum if you submit a valid proxy vote or vote online at the Annual Meeting. Abstentions and broker non-votes also will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present online or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company's Amended and Restated Certificate of Incorporation provides that the Board shall be divided into three classes, with the directors in each class having a three-year term. Unless the Board determines that vacancies (including vacancies created by increases in the number of directors) shall be filled by the stockholders, and except as otherwise provided by law, vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board currently consists of nine directors, divided into the three following classes:

- *Class I directors:* Michael Matthews, Thomas Pardun and Kevin DeNuccio; whose current terms will expire at the annual meeting of stockholders to be held in 2014;
- *Class II directors:* Michael Ashby, Michael Flynn and Carl Russo; whose current terms will expire at the annual meeting of stockholders to be held in 2015; and
- *Class III directors:* Michael Everett, Adam Grosser and Don Listwin; whose current terms will expire at the 2013 Annual Meeting.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

The Nominating and Corporate Governance Committee of the Board recommended, and the Board approved, Michael Everett, Adam Grosser and Don Listwin, as nominees for election to the Board at the 2013 Annual Meeting. Each of Messrs. Everett, Grosser and Listwin has been nominated to serve as a Class III director, and has elected to stand for reelection. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares of common stock represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. The Board expects all nominees named below to be available for election. In the event that any nominee should be unable to serve or for good cause will not serve, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

The following table sets forth, for the Class III nominees and our other current directors who will continue in office after the Annual Meeting, information with respect to their ages and position/office held with Calix:

Independence of the Board

The NYSE prescribes independence standards for listed companies. These standards require a majority of the Board to be independent. They also require every member of the audit committee, compensation committee and nominating and corporate governance committee of the Board to be independent. No director qualifies as independent unless the Board determines that the director has no direct or indirect material relationship with us. On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire which requires disclosure of any transactions with us in which the director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest. We also review our relationship to any entity employing a director or on which the director currently serves as a member of the board.

After review of all relevant transactions or relationships between each director, or any of his immediate family members, and Calix, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that all of Calix's directors

are independent directors within the meaning of the applicable NYSE standards, except for Mr. Russo, Calix's current president and chief executive officer, and Mr. Ashby, Calix's current executive vice president and chief financial officer. All of the committees of our Board are comprised entirely of directors determined by the Board to be independent within the meaning of the NYSE standards.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH CLASS III DIRECTOR NOMINEE NAMED ABOVE.

PROPOSAL NO. 2

APPROVAL ON A NON-BINDING, ADVISORY BASIS OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (“SAY-ON-PAY”)

We are seeking an advisory vote from our stockholders to approve the compensation paid to our NEOs, as disclosed in this Proxy Statement under the compensation disclosure rules of the SEC.

The compensation committee of the Board, with assistance from external compensation consultants, has structured our executive compensation program to stress a pay-for-performance philosophy. The compensation opportunities provided to our NEOs are significantly dependent on Calix’s financial performance, the performance of Calix’s stock and the NEO’s individual performance, which are intended to drive creation of sustainable stockholder value. The compensation committee of the Board will continue to emphasize responsible compensation arrangements that attract, retain, and motivate high caliber executive officers, and motivate those officers to achieve Calix’s short- and long-term business strategies and objectives.

The Board has determined to hold an advisory “say on pay” vote every year. In accordance with this determination and Section 14A of the Exchange Act, you have the opportunity to vote “For” or “Against” or to “Abstain” from voting on the following non-binding resolution relating to executive compensation:

“Resolved, that the stockholders approve, on an advisory basis, the compensation paid to Calix’s NEOs as disclosed in Calix’s proxy statement for the 2013 Annual Meeting of Stockholders under the compensation disclosure rules of the SEC, including the compensation discussion and analysis, compensation tables and narrative discussion of the proxy statement.”

In deciding how to vote on this proposal, we encourage you to consider Calix’s executive compensation philosophy and objectives, the design principles and the elements of Calix’s executive compensation program described in the Compensation Discussion and Analysis, or CD&A, section below. As described in the CD&A section, a guiding principle of our compensation philosophy is that pay should be linked to performance and that the interests of our executives and stockholders should be aligned. Our compensation program is a mix of short- and long-term components, cash and equity elements and fixed and contingent payments in proportions we believe will provide the proper incentives, reward our NEOs and help us achieve our goals and increase stockholder value. For example:

- *Chief Executive Officer Compensation Aligned with Stockholder Interests.* Our CEO’s compensation was modified in 2012 in order to more closely reflect a market-based compensation package. Our CEO’s compensation in 2011 primarily came from returns on his ownership stake in Calix and his equity incentive awards, including stock options. As a significant stockholder, his personal wealth has consistently been, and continued to be in 2012, tied directly to sustained stock price appreciation and performance, which provides direct alignment with stockholder interests. As part of a review of our compensation programs, the compensation committee approved a change to align our CEO’s cash-based compensation with market practices, effective January 1, 2012, which provides him with a stable stream of income without him having to sell his stake in Calix], while still providing for the majority of his compensation to come in the form of equity-based awards.
- *Other NEOs Compensation Substantially Tied to Performance.* Our other NEOs earn a significant portion of their total compensation based upon increases in Calix’s stock price and a significant portion of their cash compensation is based upon Calix’s financial performance along with our compensation committee’s assessment of individual performance.
- *Change in Control and Severance Benefits Not Grossed Up.* Calix provides limited change in control and severance benefits to provide NEOs security and remain competitive, and does not gross up any NEO taxes in connection with such change in control, severance or other compensation and benefits.
- *No Special Perquisites.* Our NEOs participate in the same benefit programs as other Calix employees and do not receive any other perquisites.

To be approved, on a non-binding and advisory basis, the compensation paid to our NEOs, as disclosed in this Proxy Statement under the compensation disclosure rules of the SEC, must receive a “For” vote from the holders of a majority in voting power of the shares of common stock which are present online or by proxy and entitled to vote on the proposal. Abstentions will have the same effect as “Against” votes for purposes of determining whether this matter has been approved. Broker non-votes will not be counted for any purpose in determining whether this matter has been approved.

While your vote on this proposal is advisory and will not be binding on the compensation committee of the Board, the Board or Calix, the compensation committee of the Board values the opinions of Calix’s stockholders on executive compensation matters and will take the results of this advisory vote into consideration when making future decisions regarding Calix’s executive compensation program. Unless the Board modifies its determination of the frequency of future “say on pay” advisory votes, the next “say on pay” advisory vote will be held at our 2014 annual meeting of shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE COMPENSATION PAID TO THE NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT UNDER THE COMPENSATION DISCLOSURE RULES OF THE SEC.

PROPOSAL NO. 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our Board has engaged Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013, and is seeking ratification of such selection by our stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since the fiscal year ended December 31, 2000. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the audit committee of the Board is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of Calix and its stockholders.

To be approved, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm must receive a “For” vote from the holders of a majority in voting power of the shares of common stock which are present online or represented by proxy and entitled to vote on the proposal. Abstentions will have the same effect as an “Against” vote for purposes of determining whether this matter has been approved. Broker non-votes will not be counted for any purpose in determining whether this matter has been approved.

Pre-Approval Policies and Procedures

This policy is set forth in the charter of the audit committee and available in the “Corporate Governance” section of our website at <http://investor-relations.calix.com/>.

The audit committee of the Board considered whether the non-audit services rendered by Ernst & Young LLP were compatible with maintaining Ernst & Young LLP’s independence as the independent registered public accounting firm of Calix’s consolidated financial statements and concluded that they were.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines for Calix (the “Guidelines”). A copy of the Corporate Governance Guidelines is available in the “Corporate Governance” section of our website at <http://investor-relations.calix.com/>. Calix intends to disclose any future amendments to the Guidelines on this section of its website.

Code of Business Conduct and Ethics

Calix has adopted a Code of Business Conduct and Ethics, which is applicable to our directors and employees, including our principal executive officer, principal financial officer, and persons performing similar functions. A copy of the Code of Business Conduct and Ethics is available in the “Corporate Governance” section of our website at <http://investor-relations.calix.com/>. Calix will also post on this section of its website any amendment to the Code of Business Conduct and Ethics, as well as any waivers of the Code of Business Conduct and Ethics, which are required to be disclosed by the rules of the Securities and Exchange Commission (“SEC”) or The New York Stock Exchange (“NYSE”).

Leadership Structure of the Board

Under Calix’s bylaws, the Board appoints Calix’s officers, including the chief executive officer. The Board does not have a policy on whether the role of the chairman and chief executive officer should be separate and, if it is to be separate, whether the chairman should be selected from the non-employee directors or be an employee and if it is to be combined, whether a lead independent director should be selected. However, the Board is committed to good corporate governance practices and values independent board oversight as an essential component of strong corporate performance. For example, seven of Calix’s nine directors qualify as independent according to the rules and regulations of the NYSE. In January 2013, the Board undertook a review of the independence of each director and considered whether any director has a material relationship with Calix that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, the Board determined that Messrs. Everett, Flynn, Grosser, Listwin, Matthews, Pardun, and DeNuccio, representing seven of Calix’s nine directors, are independent directors as defined under the listing requirements of the NYSE, constituting a majority of independent directors of the Board as required by the NYSE rules. In addition, Calix’s corporate governance guidelines require that the directors meet in executive session without management directors or management present on a regularly scheduled basis, but not less than two times a year. Also, Calix’s nominating and corporate governance committee periodically reviews and recommends to the Board the leadership structure of the Board. Currently, Calix separates the roles of chief executive officer and chairman in recognition of the differences between the two roles. The chief executive officer is responsible for setting the strategic direction for, and the day-to-day leadership and performance of, Calix, while the chairman provides guidance to the chief executive officer and management, sets the agenda for Board meetings and presides over meetings of the full Board. Mr. Russo, Calix’s chief executive officer, and Mr. Ashby, Calix’s chief financial officer, are employees of Calix and are therefore not “independent” under the rules of the NYSE. Mr. Listwin, Calix’s chairman, is an independent director, as defined under the rules of the NYSE. The Board believes that the current board leadership structure is best for Calix and its stockholders at this time.

Oversight of Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of Calix's risks. The Board is responsible for general oversight of risks and regularly reviews information regarding Calix's risks, including credit risks, liquidity risks and operational risks. The compensation committee of the Board is responsible for overseeing the management of risks relating to Calix's executive compensation plans and arrangements. The audit committee of the Board is responsible for overseeing management of Calix's risks relating to accounting matters, financial reporting and legal and regulatory compliance. The nominating and corporate governance committee of the Board is responsible for overseeing management of Calix's risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

Board Committees

Calix's board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee, each of which have the composition and responsibilities described below.

Audit Committee

Currently, Calix's audit committee comprises Messrs. Everett, Pardun and Matthews, each of whom is a non-employee member of the Board. Mr. Everett is the audit committee chairman and is the audit committee financial expert, as currently defined under the SEC rules. The Board has determined that each director serving on the audit committee is independent within the meaning of the NYSE listing standards.

Calix's audit committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act. Calix's audit committee oversees its corporate accounting and financial reporting process. Among other matters, the audit committee evaluates the independent registered public accounting firm's qualifications, independence and performance; determines the engagement of the independent registered public accounting firm; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent registered public accounting firm the results of the annual audit and the review of Calix's quarterly consolidated financial statements; approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accounting firm on Calix's engagement team as required by law; reviews Calix's critical accounting policies and estimates; oversees the internal audit function and annually reviews the audit committee charter and the committee's performance. The audit committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A copy of the audit committee charter is available in the "Corporate Governance" section of our website at <http://investor-relations.calix.com/>.

Compensation Committee

Currently the members of Calix's compensation committee are Messrs. Flynn, Listwin and DeNuccio, each of whom is a non-employee member of the Board. Mr. Flynn is the compensation committee chairman. The Board has determined that each director serving on the compensation committee is independent within the meaning of the NYSE listing standards.

Calix's compensation committee reviews and recommends policies relating to compensation and benefits of Calix officers and employees. The compensation committee reviews and approves corporate goals and objectives relevant to compensation of the chief executive officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives, and sets the compensation of these officers based on such evaluations. The compensation committee also administers the issuance of stock options and other awards under Calix stock plans. The compensation committee reviews and evaluates, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. In fulfilling its responsibilities, the compensation committee may delegate any or all of its responsibilities to a subcommittee of the compensation committee, but only to the extent consistent with Calix's certificate of incorporation and bylaws, Section 162(m) of the Internal Revenue Code of 1986 (to the extent applicable), NYSE rules and other applicable law. The compensation committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A copy of the compensation committee charter is available in the "Corporate Governance" section of our website at <http://investor-relations.calix.com/>.

Nominating and Corporate Governance Committee

Calix's nominating and corporate governance committee currently consists of Messrs. Flynn, Listwin and Everett, each of whom is a non-employee member of the Board. Mr. Listwin is the chairman of the nominating and corporate governance committee. The Board has determined that each of the directors serving on the nominating and corporate governance committee is independent within the meaning of the NYSE listing standards.

The nominating and corporate governance committee is responsible for making recommendations regarding candidates for directorships and the size and composition of the Board. In addition, the nominating and corporate governance committee is responsible for overseeing Calix's corporate governance guidelines and reporting and making recommendations concerning governance matters. The nominating and corporate governance committee operates under a written charter that satisfies the applicable standards of the SEC and the NYSE. A copy of the nominating and corporate governance committee charter is available in the "Corporate Governance" section of our website at <http://investor-relations.calix.com/>.

Calix's nominating and corporate governance committee is responsible for reviewing with the Board, on an annual basis, the appropriate characteristics, skills and experience required for the Board as a whole and its individual members. Calix does not have a formal

diversity policy, but does consider diversity to be a relevant consideration in the process of evaluating and identifying director candidates. To that end, in evaluating the suitability of individual candidates (both new candidates and current board members), the nominating and corporate governance committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, takes into account many factors, including: diversity of personal background, perspective and experience; personal and professional integrity, ethics and values; experience in corporate management, operations or finance, such as serving as an officer or former officer of a publicly-held company; experience in Calix's industry and with relevant social policy concerns; experience as a board member of another publicly-held company; academic expertise in an area of Calix's operations; diversity of business or career experience relevant to the success of Calix; and practical and mature business judgment. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. Calix has from time to time engaged a third party executive search agency to identify, evaluate and assist in identifying potential nominees, and may engage such agencies in the future.

The policy of the nominating and corporate governance committee is to consider properly submitted director candidates recommended by stockholders. For a stockholder to make any nomination for election to the Board at an annual meeting, the stockholder must provide notice to Calix, which must be received at Calix's principal executive offices not less than 90 days and not more than 120 days prior to the one-year anniversary of the preceding year's annual meeting; provided, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, the stockholder's notice must be delivered not later than 90 days prior to the date of the annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times and in the forms required under our bylaws. As set forth in our bylaws, submissions must include the name and address of the proposed nominee, information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election under Section 14(a) of the Exchange Act, information regarding the proposed nominee's indirect and direct interests in shares of Calix's common stock, and a completed and signed questionnaire, representation and agreement of the proposed nominee. Our bylaws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our bylaws, as amended and restated to date, which is available, without charge, from our Corporate Secretary, at 1035 N. McDowell Boulevard, Petaluma California 94954. The presiding officer at the applicable annual meeting may, if the facts warrant, determine that a nomination was not properly made in accordance with the foregoing, in which case the defective nomination may be disregarded.

Meetings of the Board, Board and Committee Member Attendance and Annual Meeting Attendance

Our Board met 11 times during fiscal year 2012. The audit committee of the Board met eight times, the compensation committee of the Board met seven times and the nominating and corporate governance committee of the Board met three times during fiscal year 2012. During 2012, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served, except for Mr. DeNuccio, who attended two of the four meetings convened after he joined the Board on September 27, 2012.

All of our directors, except Messrs. Grosser and DeNuccio, attended the company's 2012 annual meeting of stockholders on May 23, 2012. Mr. DeNuccio was not a member of the Board at the time of the 2012 annual meeting.

Compensation Committee Interlocks and Insider Participation

During 2012, Messrs. Flynn and Listwin served on Calix's compensation committee for the entire year. Mr. Pardun served on the compensation committee until September 2012, when Mr. DeNuccio joined the compensation committee. None of the members of Calix's compensation committee is or has at any time during the past year been an officer or employee of Calix, was formerly an officer of Calix, or has engaged in certain related transactions with Calix, as required to be disclosed by SEC regulations. None of Calix's executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving on Calix's Board or compensation committee.

Risk Assessment and Compensation Practices

Calix's management assessed and discussed with the compensation committee Calix's compensation policies and practices for its employees as they relate to risk management and, based upon this assessment, Calix believes that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on Calix in the future.

Calix's employees' base salaries are fixed in amount and thus Calix does not believe that they encourage excessive risk-taking. While performance-based cash bonuses and sales commissions focus on achievement of short-term or annual goals, which may encourage the taking of short-term risks at the expense of long-term results, Calix believes that its internal controls help mitigate this risk and Calix's performance-based cash bonuses and sales commissions are limited, representing a small portion of the total compensation opportunities available to most employees. Calix also believes that its performance-based cash bonuses and sales commissions appropriately balance risk and the desire to focus employees on specific short-term goals important to the company's success, and do not encourage unnecessary or excessive risk taking.

A significant proportion of the compensation provided to Calix employees, is in the form of long-term equity-based incentives that are important to help further align Calix's employees' interests with those of its stockholders. Calix does not believe that these equity-based incentives encourage unnecessary or excessive risk taking because their ultimate value is tied to Calix's stock price.

The statements regarding the risks arising from Calix's compensation policies and practices contain forward-looking statements that involve substantial risks and uncertainties. Calix has based these forward-looking statements largely on its current expectations and projections about future events and financial trends that Calix believes may affect its financial condition, results of operations, business strategy and financial needs.

Communications with the Board

All interested parties may communicate with the Board or any specified individual directors. Such correspondence should be sent to the attention of Calix's Corporate Secretary, at 1035 N. McDowell Boulevard, Petaluma, California 94954. Calix's Corporate Secretary will forward the communication to the Board members.

DIRECTOR COMPENSATION

Cash Compensation

Members of the Board who are employees of the Company do not receive any additional compensation for their services as directors. Upon the recommendation of our Compensation Committee, the Board adopted a new cash compensation policy for non-employee directors effective January 1, 2012. Under this new policy, directors who were not employed by the Company or one of its affiliates received the following cash retainers for their service on the Board (including service on committees of the Board) during 2012:

	<u>Amount</u>
Base Retainer	\$ 40,000
<u>Committee Service Premiums</u>	
Audit Committee	10,000
Compensation Committee	7,500
Nominating & Corporate Governance Committee	5,000
<u>Chair Premiums</u>	
Board Chair	35,000
Audit Committee	20,000
Compensation Committee	15,000
Nominating & Corporate Governance Committee	10,000

Equity Compensation

Under the Company's Non-Employee Director Equity Compensation Policy, non-employee directors will automatically be granted RSUs valued at \$200,000 (based on the per share closing price of the Company's common stock on the date such director commences service) upon their election or appointment to the Board. The initial grants vest as to one-third of the RSUs on each anniversary of the date of grant, subject to continued service to the Company through each applicable vesting date, such that 100% of the RSUs will be vested on the third anniversary of the date of grant.

Each director who is a non-employee director immediately following each annual meeting of stockholders (provided that such director has served as a director for at least six months prior to such date) will also be granted RSUs on the date of such annual meeting valued at \$100,000 (based on the per share closing price of the Company's common stock on the date the Board approves the grants, which for 2012 was May 23, 2012, though the grants were not effective until July 24, 2012). The annual grants vest as to 100% of the RSUs on the day immediately prior to the date of the next annual meeting of stockholders following the date of grant, subject to continued service to the Company through the applicable vesting date.

Members of the Board who are employees of the Company and who subsequently terminate employment with the Company and remain on the Board are not eligible for initial grants of RSUs but are eligible, after termination of employment with the Company, for annual grants of RSUs.

All options, RSUs and other equity awards held by a non-employee director, regardless of when granted, automatically accelerate in the event of a change in control of the Company.

On July 25, 2012, the Non-Employee Director Equity Compensation Policy was amended to provide that the annual grants will be automatic commencing in 2013, with the number of RSUs determined by dividing \$100,000 by the closing trading price of our common stock on the date of the annual meeting of stockholders. All other terms and conditions of the Non-Employee Director Equity Compensation Policy remained the same.

Other Arrangements

We reimburse non-employee directors for travel, lodging and other expenses incurred in connection with their attendance at Board and committee meetings.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

2012 was a year of transition for our industry, as communications service providers (“CSPs”) weathered regulatory and macroeconomic uncertainty and consolidation challenges. Despite these headwinds, we continued to execute on our long-term strategy, strengthening our organization and customer base, expanding our Unified Access portfolio of software, systems and services, and fostering key relationships that provide a solid foundation for growth. Calix ended 2012 on a strong note with increased product demand and progress towards expanding our portfolio and growing globally. Calix remains focused on bringing industry leading broadband access solutions to customers globally and has strengthened our executive team to support our growth plans.

Our compensation and benefits programs reflect our philosophy of paying all of our employees, including our named executive officers (“NEOs”), in ways that support two primary objectives:

- Attract, reward and retain exceptional talent in the markets in which we operate; and
- Identify and reward outstanding performance that reflects Calix values and aligns with shareholder value creation.

To help us achieve these objectives, a significant portion of our NEOs' compensation is at risk with significant upside potential for strong performance, as well as downside exposure for underperformance. NEOs with greater responsibilities and the ability to directly impact our company's goals and long-term results bear a greater proportion of the risk if these goals and results are not achieved. Given the performance-based nature of our executive compensation programs and the challenging times our company and our industry faced in the first half of 2012, we have not paid bonuses under our 2012 Management Bonus Program, as discussed in more detail below under “Cash Bonuses”.

The following discussion describes and analyzes our compensation objectives and policies, as well as the material components of our compensation program for our NEOs during 2012. Our NEOs for 2012 were:

- Carl Russo, President and Chief Executive Officer;
- Michael Ashby, Executive Vice President and Chief Financial Officer;
- Roger Weingarth, Executive Vice President and Chief Operating Officer;
- Andy Lockhart, Senior Vice President, International Sales and Marketing; and
- John Colvin, Senior Vice President, North American Sales and Marketing.

On February 6, 2013, the Company entered into a Transition and Separation Agreement with Mr. Weingarth, which is more fully described below in the notes to the table entitled “Involuntary Termination for Reasons Other Than Cause, Death or Disability, or Voluntary Termination for Good Reason.”

Compensation Philosophy and Process

We strive to find the best talent, resources and infrastructure to better serve our customers and expand our product portfolio. Our goal is to attract and retain highly qualified executives to manage and oversee each of our business functions. We seek out individuals who we believe will be able to contribute to our business and our vision of future success, our culture and our values, and who will promote the long-term interests and growth of our company. Our compensation philosophy is intended to promote a team-oriented approach to performance as each NEO's annual incentive compensation is based on achievement against the same performance objectives as other managers within Calix. In 2012, all employees were provided with the same health, welfare and retirement benefits as the executives.

Our compensation programs aim to achieve the following:

- foster a goal-oriented, highly talented management team with a clear understanding of business objectives and shared corporate values;
- allocate our resources effectively in the development of market-leading technology and products;
- control costs in each facet of our business to maximize our efficiency;
- ensure that the elements of compensation provided to our employees and executives are balanced, individually and in combination, and do not encourage excessive risk-taking;
- reflect the competitive environment of our industry and our changing business needs;
- enable us to attract, retain and drive a world-class leadership team; and
- maintain pay parity and fair compensation practices across our organization.

In furtherance of these goals, our compensation programs are designed to:

- be market competitive by targeting compensation at approximately the 25th to 50th percentile of our peer group;
- emphasize pay for performance;
- share risks and rewards with our stockholders;

- align the interests of our employees and executives with those of our stockholders; and
- reflect our values.

Our compensation program in 2012 consisted of the following five components:

- base salary;
- potential cash bonuses;
- sales commissions (for sales executives only);
- equity-based incentives; and
- health, welfare and retirement benefits.

In order to be competitively positioned to attract and retain key executives, we target total compensation at the 25th to 50th percentile of our peer group. However, as we have only been a public company since 2010, and considering the company's size relative to the 2012 Peer Group, our compensation is still transitioning towards the targeted 25th to 50th percentile. Individual performance is also taken into account in setting base salaries, annual equity awards and annual incentive compensation.

Stockholder Advisory Vote on Executive Compensation

We hold an advisory, non-binding stockholder vote on executive compensation every year. At our 2012 Annual Meeting of Stockholders, a substantial majority of our stockholders (over 97.5% of the shares represented in person or by proxy at the meeting and entitled to vote) voted to approve the compensation of our NEOs. After reviewing those non-binding voting results (noting the strong level of our stockholders' support for our NEOs' compensation) and reviewing our compensation programs with its independent compensation consultants from Radford Consulting (“Radford”) and management, the Compensation Committee determined not to implement changes to our executive compensation programs in 2012. The compensation for each of the Company's NEOs for fiscal year 2012 reflects the changes regarding the Company's financial and operating performance. The Compensation Committee intends to continue to take into consideration the outcome of our stockholders' future advisory “say on pay” votes when making future compensation decisions for the NEOs.

Role of Our Compensation Committee

Our Compensation Committee approves and interprets our executive compensation and benefit plans and policies. The Compensation Committee is appointed by the Board and consists entirely of directors who are outside directors for purposes of Section 162(m) of the Internal Revenue Code and non-employee directors for purposes of Rule 16b-3 of the Exchange Act. In 2012, our Compensation Committee determined the compensation for all of our NEOs. Our Chief Executive Officer evaluates each other NEO's individual performance and contributions to our Company at the end of each fiscal year and reports his recommendations regarding each element of the other NEOs' compensation to the Compensation Committee. Our Chief Executive Officer does not participate in any formal discussion with the Compensation Committee regarding decisions on his own compensation and he recuses himself from meetings when his compensation is being discussed.

Competitive Market Review

The market for experienced management is highly competitive in our industry. We strive to attract and retain highly qualified executives to manage each of our business functions. In doing so, we draw upon a pool of talent that is highly sought after by both large and established telecommunications and data communications equipment companies in our geographic area and by other competitive companies in development or early stage phases. Established organizations in our industry seek to recruit top talent from emerging companies in the sector just as smaller organizations look to attract and retain the best talent from the industry as a whole. We also compete for key talent on the basis of: our vision of future success; our culture and values; the cohesiveness and productivity of our teams; and the excellence of our technical and management staff. The competition for technical and non-technical skills is aggressive across the sector and we expect it to remain high for the foreseeable future. Our Compensation Committee targets our NEOs' total cash compensation at the 25th to 50th percentile of our peer group of companies.

Our Compensation Committee determines compensation for our NEOs, in large part based upon our financial resources, as well as competitive market data. In setting both cash and equity compensation for 2012, our Compensation Committee conducted a review of our NEOs' compensation, as well as the mix of elements used to compensate our NEOs, and compared that information with data provided by Radford, as discussed below.

Our 2012 peer group criteria consists of competitor companies within the telecommunications industry with revenues between \$200 million and \$1 billion and market capitalizations of 1/3 to 3 times our market capitalization. Our 2012 peer group was set by the Compensation Committee based on recommendations made by management, and was modified from the 2011 peer group. Bigband Networks, Inc. was removed from the peer group because it was acquired. Aruba Networks, Inc., MRV Communications, Inc., SeaChange International, Inc., Sycamore Networks, Inc. and UTStarcom, Inc. were removed from the peer group. Aruba was removed as a result of its larger market cap relative to Calix, Seachange was not deemed to be an appropriate industry comparator, MRV and Sycamore were smaller compared to Calix in terms of revenue and market cap; and UTStarcom was removed after the company shifted headquarters to China. To offset the removal of the prior companies listed, ACME Packet, Blue Coat Systems, IXIA, and Zhong Technologies were added to the peer group for 2012 because these companies were within our industry with comparable revenue size and market capitalization range.

Subsequently, Blue Coat Systems was acquired and Tekelec was taken private during 2012. Our 2012 peer group consisted of the following companies:

• ACME Packet;	• Harmonic Inc.;
• ADTRAN, Inc.;	• Infinera Corporation;
• Blue Coat Systems;	• IXIA;
• Brocade Communications Systems, Inc.;	• Riverbed Technology, Inc.;
• Ciena Corporation;	• Sonus Networks, Inc.;
• Extreme Networks;	• Tekelec;
• F5 Networks, Inc.;	• Tellabs, Inc.;
	• Zhone Technologies.

Calix's revenues were between the 25th and 50th percentiles of our 2012 peer group, while market cap was below the 25th percentile. Total target cash compensation for the NEOs was between the 25th and 50th percentiles of our 2012 peer group, when looking at the group in the aggregate. The competitive comparisons of our practices and levels by target annual cash compensation, which includes base salary, target annual incentive opportunity, and by total direct compensation, which includes target cash compensation and equity compensation are used to determine our approximate position relative to the appropriate market benchmark.

During 2012, the Compensation Committee continued to engage Radford as its independent executive compensation consultant. Radford was hired directly by our Compensation Committee and works with management only at our Compensation Committee's direction to interpret results, make recommendations and assist in setting compensation levels for our executive officers. After review and consultation with Radford, the Compensation Committee determined that Radford is independent and that there is no conflict of interest resulting from retaining Radford currently or during 2012.

Weighting of Elements in our Compensation Program

The use and weight of each compensation element is based on a subjective determination by the Compensation Committee of the importance of each element in meeting our overall corporate objectives for each year. We put a significant amount of each NEO's total potential compensation, including compensation derived from the vesting of outstanding restricted stock units, "at risk" based on the performance of our company.

Chief Executive Officer Compensation

Prior to 2012, Mr. Russo was primarily compensated through the use of equity incentives with his cash compensation limited to \$52,000 per year. In January of 2012, the Compensation Committee determined to adjust Mr. Russo's cash compensation to reflect market practices, our internal compensation practices for other NEOs and to be competitive relative to our peer group companies. Mr. Russo's base salary was increased to \$500,000 per year and he was given a performance bonus target equal to 100% of his annual base salary. These compensation levels fall between the 25th and 50th percentile of our peer group of companies. Mr. Russo was not granted any equity awards during 2012.

Base Salary

Base salary reflects the experience, skills, knowledge and responsibilities of each NEO, as well as competitive market conditions. Our Compensation Committee, in consultation with Radford, has determined that base salaries should be targeted at the 25th to 50th percentile of our peer group of companies.

The table below sets forth the 2012 base salary set for each NEO by our Compensation Committee.

Name of Executive Officer	2012 Base Salary	Percentile Position as compared to the 2012 Peer Group
Carl Russo	\$ 500,000	Between the 25 th and 50 th percentiles
Michael Ashby	280,000	At the 25 th percentile
Roger Weingarth	313,400	At the 25 th percentile
Andy Lockhart (1)	285,264	At the 60 th percentile
John Colvin (2)	270,000	Between 60 th and 75 th percentiles

(1) Mr. Lockhart's base salary was paid in British pounds and was converted to U.S. dollars using the average conversion ratio of: 1.5848 British pounds per U.S. dollar during 2012.

(2) Mr. Colvin's annual base salary for 2012 was initially established at \$225,000, but on April 2, 2012 our Compensation Committee increased his annual base salary to \$270,000 effective as of January 1, 2012 in recognition of his promotion to Senior Vice President in late 2011.

Our Compensation Committee determined to keep Messrs. Ashby's and Weingarth's base salaries at the 25th percentile of our peer group of companies. For Mr. Weingarth, the compensation elements were established prior to the IPO and the Compensation Committee has determined to move them closer to the target over time. Mr. Ashby's base salary was near the 50th percentile at the time he joined the company, and the Compensation Committee has determined to move his salary closer to the target over time as well. Our Compensation Committee determined to provide Mr. Colvin with a base salary between the 60th and 75th percentile of our peer group of companies based upon his position in the company as a sales leader to drive the company sales, and to retain him from the competition. Mr. Lockhart's percentile position is at the 60th percentile based upon his location in England and fluctuations in currency.

The base salaries of our NEOs are reviewed on an annual basis and our Compensation Committee intends to make adjustments to reflect performance-based factors as well as competitive conditions.

Cash Bonuses

During 2012, we maintained a management bonus plan in which our NEOs and other senior executives participated. The management bonus plan provides for a bonus pool to be funded based upon the achievement of three weighted corporate performance goals, including revenue, pro-forma gross margin and pro-forma net profit. Revenue is weighted by 50%, while gross margin and pro-forma net profit are equally weighted at 25%. Pro forma gross margin for the purposes of the management bonus plan is calculated by dividing pro-forma gross profit by revenue. Pro forma gross profit is calculated as gross profit on a U.S. Generally Accepted Accounting Principles ("GAAP") basis less non-cash stock-based compensation and amortization of acquisition-related intangible assets included in the cost of revenue and divided by total revenue. Pro forma net profit for the purposes of the management bonus plan is calculated as net income on a GAAP basis less non-cash stock-based compensation, amortization of acquisition-related intangible assets, and non-recurring acquisition-related costs.

These performance metrics were selected because the Compensation Committee believes that revenue-oriented targets continue to be a key measure of superior operational performance at this stage of our development. In addition, the gross margin and net profit components mitigate risks of revenue generation activities at the expense of achieving budgeted profitability.

At the beginning of 2012, our Compensation Committee established a threshold and target level for each of the corporate goals. In order for the bonus pool to be funded, the pro-forma net profit goal had to be achieved at the threshold level. However, our Compensation Committee retained discretion to increase bonuses in the event of exceptional performance. The table below sets forth the threshold and target level for each of the corporate performance goals. The table below also reports our achievement of each goal for 2012.

Corporate Performance Goal	Weighting	Achievement	Threshold	Target
Revenue (\$'000)	50%	\$ 330,218	\$ 414,635	\$ 438,712
Pro-Forma Gross Margin	25%	44.4%	45.4%	45.5%

In connection with the management bonus plan, our Compensation Committee establishes target bonus opportunities for each of our NEOs and certain other senior executives. After its review of target bonus levels at our peer group of companies, our Compensation Committee established our NEOs' 2012 target bonus opportunities at the levels set forth in the table below.

Named Executive Officer	Target Bonus Opportunity as a Percentage of Base Salary
Carl Russo	100%
Michael Ashby	50%
Roger Weingarth	50%
Andy Lockhart	32%
John Colvin	31%

Even though our Compensation Committee has established target bonus opportunities for each of the NEOs, once our corporate performance goals are achieved and the bonus pool is funded, our Compensation Committee has discretion to adjust the bonus paid to each individual up or down based upon its assessment of individual performance. Mr. Russo provides input to the Compensation Committee in connection with the determination of individual performance for NEOs other than himself.

No payments may be made under the plan if the Company fails to achieve its a pro-forma net profit target. Since the pro-forma net profit goal was not achieved, the Compensation Committee did not award any bonuses in 2012.

On January 29, 2013, the Compensation Committee adopted a new 2013 management bonus plan that is substantially similar to the 2012 management bonus plan except that the goals set are related to pro forma quarterly revenue and net income and will be established and assessed quarterly.

Sales Commissions

In addition to the management bonus plans discussed above, Mr. Lockhart, as Senior Vice President, International Sales and Marketing, and Mr. Colvin, as Senior Vice President, North American Sales and Marketing, are each entitled to participate in our Global Incentive Compensation Plan. Payouts under the Global Incentive Compensation Plan include sales commissions. Target sales commission for each of Messrs. Lockhart and Colvin is 54% of his base salary. This is consistent with the standard practice in the market and, when aggregated with the bonus opportunity described above, aligns their total cash compensation opportunity with the 25th to 50th percentile at our peer group of companies for these executives.

Sales commissions are paid quarterly based upon booking targets (quota). Mr. Colvin is responsible for North American sales and Mr. Lockhart is responsible for International sales. Both Mr. Colvin and Mr. Lockhart had quotas to drive company performance, and targets were difficult to achieve. Mr. Colvin was paid 79.9% of his target sales, and Mr. Lockhart was paid 55.1% of his target sales.

Messrs. Lockhart and Colvin participate in a similar Global Incentive Compensation Plan for 2013.

Equity-Based Incentives

We believe that strong long-term corporate performance is achieved with a corporate culture that encourages long-term performance by our NEOs through the use of stock-based awards. Our equity incentive plans have been established to provide our NEOs with stock-based incentives to align their interests with the interests of our stockholders.

Our equity incentive plans have enabled our NEOs to acquire equity or equity-linked interests in the Company. The Board grants equity awards to key executives (including our NEOs) so that they have the opportunity to participate in the long-term appreciation of our stock value, while reducing or eliminating the economic benefit of such awards in the event we do not perform well. Additionally, our equity awards provide an important retention tool for our NEOs, as they are typically subject to vesting over an extended period of time.

Historically, we have provided annual grants of stock options to our NEOs under our 2010 Equity Incentive Award Plan. Most key employees, including our NEOs, receive a new hire option grant that vests over a four-year period, with 25% vesting after the first twelve months of service and the remainder vesting ratably each month thereafter over the next three years, subject to continued service through each vesting date. Subsequent stock option grants may be granted at the discretion of the Compensation Committee, in recognition of a promotion or extraordinary performance, and vest ratably each month over a four year period subject to continued service through each vesting date. All options are granted with an exercise price equal to the closing price of our common stock on the date of grant.

The size and terms of the initial option grant made to each new NEO upon joining our company is primarily based on competitive conditions applicable to the NEO's specific position and the value of unvested equity the executive is leaving at his or her prior company. In addition, we consider the number of shares of our common stock underlying options granted to other executives in comparable positions within our company.

For other option grants and RSU grants made to our NEOs, our Compensation Committee has generally made recommendations to the Board based on input from our Chief Executive Officer, except with respect to himself. We use a number of methodologies to make external comparisons to aggregate data from companies that participated in the third-party surveys provided by Radford and reviewed by our Compensation Committee when we set the number of shares of our common stock underlying options and RSUs to be granted to each NEO. We expect that equity awards we grant to our NEOs will be based upon sustained performance over time, our executive officers' ability to impact results that drive stockholder value, and in light of our goal to target overall compensation at the 25th to 50th percentile. Equity forms a key part of the overall compensation for each NEO and will be considered each year as part of the annual performance review process and incentive payout calculation.

On February 23, 2012, the Compensation Committee commenced a long-term incentive program under our 2010 Equity Incentive Award Plan and changed the form of equity incentives typically granted to our key executives (including our NEOs) from stock options and/or restricted stock units to stock options and performance shares in order to retain key executives, facilitate executive stock ownership, and align executives with shareholder interests through the relative performance of our stock (relative total shareholder return, or "TSR") against our 2012 financial peer group. The 2012 financial peer group is different than the peer group for determining NEO compensation since the financial peer group may consist of companies larger than our revenue size, but are appropriate for total shareholder return comparisons. The table below lists the 2012 financial peer group.

Company	Ticker	Company	Ticker
Acme Packet	APKT	Huawei	002502.SZ
ADTRAN	ADTN	Infinera	INFN
Alcatel Lucent	ALU	Juniper Networks	JNPR

The 2010 Equity Incentive Award Plan was adopted to link individual compensation to Calix's stock price performance and encourage behavior to achieve positive stock price performance against its competitors.

In 2012, we granted stock options to our NEOs, which vest on a monthly basis over a four-year period following the grant date, subject to the executive's continued service through each applicable vesting date. Our NEOs also received two separate grants of performance shares in 2012. The first award of performance shares vests based on the relative performance of our common stock over a two-year performance period beginning January 1, 2012 and ending December 31, 2013. The second award of performance shares vests based on the relative performance of our common stock over a three-year performance period beginning January 1, 2012 and continuing through December 31, 2014. Any earned performance shares will vest at the end of the applicable performance period, subject to the executive's continued service through the vesting date.

We expect that the annual performance shares will drive our NEOs to sustain maximum stock price performance against our financial peer group. None of the performance shares granted in 2012 will vest if Calix's TSR is below the 30th percentile of our financial peer group for two-year and three-year vesting periods. In addition, the performance shares may vest at up to 200% of the target shares if Calix's TSR is above the 90th percentile of our financial peer group. Where Calix's TSR is negative, the maximum payout of performance shares will be limited to 100% of target, even if Calix's TSR is above that of our financial peer group.

Our Compensation Committee also reviews the equity burn rate annually to ensure it is aligned with peer/industry practices. 100% of the executive long-term incentive compensation provided in 2012 was at-risk, half of which was provided in stock options where executives only realize value if Calix's stock price appreciates and half in performance RSUs tied to Calix's stock price performance against other industry comparators.

Termination-Based and Change in Control-Based Compensation

Our Compensation Committee provides change in control-based compensation in order to provide security to our NEOs in the event of a change in control of our company and to encourage continued retention through any change in control. Our Compensation Committee previously adopted the Calix, Inc. Change in Control and Severance Plan or CICSP, which provides standardized change in control and severance benefits to our NEOs. Under the CICSP, in the event an eligible NEO's employment with us is terminated by us without cause or by the NEO for good cause, he or she is eligible to receive (i) cash severance payments of twelve months' base salary and target bonus (in the case of Messrs. Russo, Ashby, and Weingarh), and six months' base salary and target bonus (in the case of Messrs. Lockhart and Covin), to be paid in a cash lump sum, and (ii) the continuation of health benefits, paid by the company, for twelve months (in the case of Messrs. Russo, Ashby and Weingarh) or six months (in the case of Messrs. Lockhart and Colvin) following termination. In addition, upon such a termination, any equity awards held by our NEOs would be accelerated with respect to that number of shares that otherwise would have vested had the NEO's employment continued for such twelve-month (in the case of Messrs. Russo, Ashby and Weingarh) or six-month (in the case of Messrs. Lockhart and Colvin) period, provided, that if the applicable termination or resignation takes place within 60 days prior to or twelve months after a change in control, the vesting of all equity awards held by the NEO would be fully accelerated. The CICSP also provides for the payment of a pro-rated annual cash bonus for the year of termination to be paid at the same time as bonuses are paid to other executives, subject to the achievement of applicable performance goals. Our NEOs must execute and not revoke during any applicable revocation period a general release of claims against us in order to be eligible for any severance benefits.

In addition, Mr. Russo's grant of 1,120,000 RSUs in December 2009 is subject to full accelerated vesting in the event of a change in control of our company. Our Compensation Committee determined that such full accelerated vesting was appropriate in light of the significant vesting that had occurred with respect to Mr. Russo's December 2009 RSU grant, based upon Mr. Russo's long service to our company and limited base salary. Mr. Russo's December 2009 RSU grant is also subject to full accelerated vesting in the event Mr. Russo's employment with the Company is terminated without cause.

On February 6, 2013, the Company entered into a Transition and Separation Agreement with Mr. Weingarh, which is more fully described below in the notes to the table entitled "Involuntary Termination for Reasons Other Than Cause, Death or Disability, or Voluntary Termination for Good Reason."

Benefits

We provide the following benefits to all US-based employees, including our NEOs:

- medical, dental and vision insurance;
- life insurance, accidental death and dismemberment and business travel and accident insurance;
- employee assistance program;
- health and dependent care flexible spending accounts;
- short- and long-term disability;
- 401(k) plan;
- Pension plan for employees in the United Kingdom and certain other countries outside of the US, including Mr. Lockhart; and
- Health club membership

Perquisites

Our NEOs were not eligible for any further perquisites in 2012.

Tax and Accounting Considerations

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1 million paid to our Chief Executive Officer and the three other most highly compensated NEOs (excluding our Chief Financial Officer) employed at the end of the year. While the Board and our Compensation Committee generally consider the financial accounting and tax implications of their executive compensation decisions, neither element has been a material consideration in the compensation awarded to our NEOs historically. Our Compensation Committee, where it determines reasonably practicable, will seek to qualify most variable compensation paid to our NEOs for an exemption from the deductibility limitations of Section 162(m). However, to maintain flexibility in compensating executive officers in a manner designed to promote corporate goals, the Compensation Committee will not limit amounts paid to those that qualify for tax deductibility.

Section 280G of the Internal Revenue Code of 1986

Section 280G of the Code disallows a tax deduction for “excess parachute payments” and Section 4999 of the Code imposes a 20% excise tax on any person who receives excess parachute payments. Our NEOs are not eligible to receive any tax gross-up payments in the event any payments made or that may be made to them become subject to this excise tax. The Compensation Committee will take into account the implications of Section 280G in determining potential payments to be made to our executives in connection with a change in control. Nevertheless, to the extent that certain payments upon a change in control are classified as excess parachute payments, such payments may not be deductible under Section 280G.

Section 409A of the Internal Revenue Code of 1986

Section 409A of the Internal Revenue Code, which governs the form and timing of payment of deferred compensation, imposes a 20% tax and an interest penalty on the recipient of deferred compensation that is subject to but does not comply with Section 409A. As a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our NEOs, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Code. The Compensation Committee will take into account the implications of Section 409A in determining the form and timing of compensation awarded to our executives and will strive to structure any nonqualified deferred compensation plans or arrangements to be exempt from or to comply with the requirements of Section 409A.

Accounting for Stock-Based Compensation

We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718, or ASC Topic 718, for our stock-based compensation awards. ASC Topic 718 requires companies to calculate the grant date “fair value” of their stock-based awards using a variety of assumptions. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award. Grants of stock options, restricted stock, restricted stock units and other stock-based awards under our equity incentive award plans will be accounted for under ASC Topic 718. Our Compensation Committee will regularly consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Potential Payments Upon Termination or Change of Control

Each of our NEOs is entitled to severance upon a termination without cause or a resignation for good reason under our CICSP. See the section above entitled “Termination-Based and Change-in-Control-Based Compensation” for more information regarding the benefits provided under our CICSP.

Under the terms of the applicable award agreement, Mr. Russo's award of 1,120,000 RSUs, which was granted in December 2009, will fully vest and all restrictions on such shares shall lapse in the event of his termination without cause or upon a change in control of Calix. In the event that a change in control or termination of employment without cause, as applicable, had occurred on December 31, 2012, Mr. Russo would have been entitled to the accelerated vesting of 280,000 RSUs having a value of \$2,153,200 based on the closing trading price of our common stock as of December 31, 2012.

The table below sets forth the estimated payments and benefits that would be provided to each of our NEOs upon a termination of employment without cause or resignation for good reason apart from or in connection with a change in control if our NEO's employment had terminated on December 31, 2012 or a change in control was consummated on December 31, 2012, as applicable, taking into account the named executive's compensation as of that date.

- (1) In the event of a “change in control,” target bonus amounts would be pro-rated for the number of days a NEO had been employed during the fiscal year.
- (2) Value of accelerated vesting of equity awards amounts were calculated based on a closing market price of \$7.69 per share at December 31, 2012.
- (3) The amounts for Mr. Weingarth were calculated based on the Company's CICSP. On February 6, 2013, the Company entered into a Transition and Separation Agreement ("Agreement") with Mr. Weingarth, under which Mr. Weingarth will transition to the role of advisor to the CEO of the Company effective as of April 1, 2013, and will retire from the Company on March 31, 2014 ("Termination Date"). According to the Agreement, upon Mr. Weingarth's execution and non-revocation of a legal release of claims, the vesting and exercisability of his unvested stock options, restricted stock awards and restricted stock units held by him as of his Termination Date will be fully accelerated, which would include the vesting of approximately 75,000 RSUs, RSAs, and performance shares, and 26,355 non-qualified stock options with a total value of \$576,750 based on a closing market price of \$7.69 per share at December 31, 2012.
- (4) The amounts of cash severance would be paid to Mr. Lockhart in British pounds. Such amounts were converted to US dollars using the exchange ratio at December 31, 2012, which was £1 to US\$ 1.6168.

Limitation of Liability and Indemnification

Calix's amended and restated certificate of incorporation contains provisions that limit the liability of Calix's directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, Calix's directors will not be personally liable to Calix or Calix's stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to Calix or Calix's stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which the director derived an improper personal benefit.

Calix's amended and restated certificate of incorporation and amended and restated bylaws provide that Calix is required to indemnify Calix's directors and officers, in each case to the fullest extent permitted by Delaware law. Calix's amended and restated bylaws also provide that Calix is obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit Calix to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether Calix would otherwise be permitted to indemnify him or her under the provisions of Delaware law. Calix has entered into and expects to continue to enter into agreements to indemnify Calix's directors, executive officers and other employees as determined by the Board. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. Calix believes that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. Calix also maintains directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in Calix's amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against Calix's directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against Calix's directors and officers, even though an action, if successful, might benefit Calix and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that Calix pays the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to Calix's directors, officers and controlling persons under the above provisions, or otherwise, Calix has been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. At present, there is no pending litigation or proceeding involving any of Calix's directors, officers or employees for which indemnification is sought, and Calix is not aware of any threatened litigation that may result in claims for indemnification.

The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by SAS No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Calix's Board and Audit Committee have adopted a written related person transaction policy that sets forth the policies and procedures for the review and approval or ratification of related person transactions that may be deemed "related person transactions" under the rules of the SEC. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which Calix was or is to be a participant, the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness or employment by Calix of a related person. For purposes of the policy, a "related person" is a director, officer, or greater than 5% beneficial owner of Calix's stock and their immediate family members.

Calix recognizes that related person transactions can present potential or actual conflicts of interest or create the appearance of a conflict of interest. Management presents to the audit committee of the Board each proposed related person transaction, including all relevant facts and circumstances, and the audit committee of the Board reviews the relevant facts and circumstances of each related person transaction, including if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party and the extent of the related person's interest in the transaction, takes into account the conflicts of interest and corporate opportunity provisions of Calix's code of business conduct and ethics, and either approves or disapproves the related person transaction. Any related person transaction may be consummated and shall continue only if the Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. No director may participate in approval of a related person transaction for which he or she is a related person. As required under rules issued by the SEC, transactions that are determined to be directly or indirectly material to Calix or a related person are or will be disclosed in Calix's proxy statements.

During fiscal year 2012, Calix has not participated in any transactions, nor are there any currently proposed transactions in which Calix will participate, where the amount involved exceeds, or would exceed, \$120,000, and in which any related person had or will have a direct or indirect material interest.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials, proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials, or proxy statement and annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Calix stockholders will be "householding" our proxy materials. A single Notice of Internet Availability of Proxy Materials may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, you may (1) notify your broker, (2) direct your written request to: Investor Relations, Calix, Inc., 1035 N. McDowell Boulevard, Petaluma, California 94954 or (3) contact our Investor Relations department by telephone at (415) 445-3232. Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials at their address and would like to request "householding" of their communications should contact their broker. In addition, Calix will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Notice of Internet Availability of Proxy Materials to a stockholder at a shared address to which a single copy of the documents was delivered.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the proxy card to vote on such matters in accordance with their best judgment.

ANNUAL REPORTS

The fiscal year 2012 Annual Report to Stockholders, including our 2012 Annual Report on Form 10-K (which is not a part of our proxy soliciting materials), will be mailed with this Proxy Statement to those stockholders that request and receive a copy of the proxy materials in the mail. Stockholders that received the Notice of Internet Availability of Proxy Materials can access this Proxy Statement and our fiscal year 2012 Annual Report at <http://www.proxyvote.com>.

We have filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 with the SEC. It is available free of charge at the SEC's web site at www.sec.gov. Upon written request by a Calix stockholder, we will mail without charge a copy of our Annual Report on Form 10-K, including the financial statements and financial statement schedules, but excluding exhibits to the Annual Report on Form 10-K. Exhibits to the Annual Report on Form 10-K are available upon payment of a reasonable fee, which is limited to our expenses in furnishing the requested exhibit. All requests should be directed to Investor Relations, Calix, Inc., 1035 N. McDowell Boulevard, Petaluma, California 94954.
